ADJUSTED NON-IFRS NET PROFIT ATTRIBUTABLE TO OWNERS OF THE GUARANTOR

To supplement the Group's consolidated financial statements which are presented in accordance with the IFRS, the Group uses adjusted net profit attributable to owners as an additional financial measure. The Group defines adjusted non-IFRS net profit attributable to owners of the Guarantor as profit/(loss) for the year/period as set out in the table below. Adjusted non-IFRS net profit attributable to owners of the Guarantor is not an alternative to: (1) profit before income tax or profit for the year/period (as determined in accordance with IFRS) as a measure of the Group's operating performance, (2) cash flows from operating, investing and financing activities as a measure of the Group's ability to meet the Group's cash needs, or (3) any other measures of performance or liquidity.

The Group believes that the adjusted non-IFRS net profit attributable to owners of the Guarantor is useful for understanding and assessing underlying business performance and operating trends, and that the Group's management and investors may benefit from referring to the adjusted non-IFRS financial measure in assessing the Group's financial performance by eliminating the impact of certain unusual, non-recurring and non-cash and/or non-operating items that the Group does not consider indicative of the performance of the Group's business. However, the presentation of the adjusted non-IFRS net profit attributable to owners of the Guarantor is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with the IFRS. Shareholders and potential investors should not view the adjusted non-IFRS net profit attributable to owners of the Guarantor on a stand-alone basis or as a substitute for results under the IFRS, or as being comparable to results reported or forecasted by other companies.

RISK FACTORS

Prospective investors of the Bonds should carefully consider the risk factors set forth below, as well as the other information contained elsewhere in this Offering Circular. The risks described below are not the only ones that may affect the Issuer, the Guarantor, the Group or the Bonds. Additional risks and uncertainties which the Issuer and the Guarantor are not aware of or that the Issuer and the Guarantor currently believe are immaterial may also adversely affect the Group's financial condition or results of operations. If any of the possible events described below occur, the Group's financial condition or results of operations could be materially and adversely affected. In such case, the Issuer and the Guarantor may not be able to satisfy their respective obligations under the Bonds, the Guarantee and investors could lose all or part of their investment. This Offering Circular also contains forward-looking statements that involve risks and uncertainties. The Group's actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors.

RISKS RELATING TO THE GUARANTOR'S BUSINESS AND INDUSTRY

Risk of market demands decline in drug R&D services

The Guarantor's business operation relies on expenditures and demands of the Guarantor's customers (including multi-national pharmaceutical companies, life science companies, start-ups, and scholars and non-profit research organizations, etc.) on outsourcing services, i.e., discovery, analytical testing, development and manufacturing of pharmaceuticals, advanced therapies and medical devices, etc. In the past, benefiting from continuous growth of the global pharmaceutical market and the increase of R&D budgets and the proportion of outsourcing services of the Guarantor's customers, the demands on the Guarantor's services from its customers continued to rise. The Guarantor's business operation could be adversely impacted if the industry growth slows down or percentages of outsourcing services decline. In addition, any merger, consolidation and budget adjustment of pharmaceutical players might also impact the Guarantor's customers' R&D expenditures and outsourcing demands, resulting in adverse impact on the Guarantor's business operation.

Risk of changes in regulatory policy of the industry

The drug R&D services industry is heavily regulated by regulators including drug administrations in any nation or region where the Guarantor has established its presence, which typically regulate drug R&D services players through development of relevant policies, laws and regulations. The scope of regulation may cover various aspects such as technical specifications and standards and requirements for cross-border outsourcing services and production. Systems of policies, laws and regulations in the drug R&D services industry are well established in developed countries. In China, regulators such as the NMPA also have gradually developed and continuously refined relevant laws and regulations subject to market development. In case the Guarantor fails to timely adjust its operating strategy to adapt to changes of industrial policies and laws and regulations in the drug R&D services industry in corresponding nations or regions, potential adverse impact might be caused to the Guarantor's business operation.

Risk of heightened competition in the drug R&D services industry

Currently, competition in the global drug R&D services market is getting increasingly intense. The Guarantor's competitors in particular segments mainly include specialized CROs/CDMOs and in-house R&D department of large pharmaceutical companies, among which, most are large global pharmaceutical companies or R&D organizations, which may enjoy advantages over it in terms of financial strength, technological capabilities and customer base. Aside from the aforementioned incumbents, the Guarantor also faces competition from new entrants, which either have greater financial strength, more effective business channels or stronger R&D capabilities in respective segment. The Guarantor will face risk resulted from heightened competition in the pharmaceutical market and weakened competitive edge in case the Guarantor fails to enhance its overall R&D strength and other strengths in business competition.

Business compliance risk

The Guarantor has always attached great importance to the compliance of the Guarantor's business operation and gradually established a relatively complete internal control system, which requires the Guarantor's staff to abide by relevant laws and regulations and carry out business activities in accordance with relevant laws. Although the Guarantor has developed a comprehensive internal control and compliance approval system as well as standard operating procedures to ensure legitimacy and compliance of its daily operation, the Guarantor's business operation will be adversely impacted to a certain degree resulting from failure to obtain qualifications required for daily R&D, testing analysis and production, or to completing necessary approval and filing processes or to timely coping with any regulatory requirement put forward or added by the regulators due to ineffective supervision on subsidiaries or departments by the parent company and senior management in actual practices given the number of subsidiaries the Guarantor controls.

Risk of global operation and change of international policy

The Guarantor has built or acquired a number of companies to fuel its global business expansion and accumulated abundant experience of global operation over the years. During the six months ended June 30, 2024, the Guarantor's revenue from global operation accounted for a significant proportion of its main business revenue. Given that the Guarantor is required to abide by applicable laws and regulations of relevant nations and/or regions where it carries out business operations and rely on suppliers of raw materials, customers and technical service providers to ensure the Guarantor's orderly daily operation, the Guarantor's global operation may be impacted and subject to potential adverse impact in case any of the following circumstances occurs, including change of laws, regulations, industrial policies or political and economic environment of any nation or region where the Guarantor carries out business operation, or any other factors beyond its control such as international tension, war, trade sanction, or other force majeure.

There is a proposed legislation known as "Biosecure Act" pending at the U.S. Congress. On September 9, 2024, the U.S. House of Representatives voted to pass draft bill H.R.8333, which is the current House version of the Biosecure Act. Bill H.R.8333 includes a designation of the Guarantor as a "biotechnology company of concern". Such bill would restrict U.S. government agencies from using funding, loan or grant for the contracts that would use certain biotechnology equipment or services

from a designated biotechnology company of concern in carrying out such U.S. government-funded contracts. In spite of such proposed restriction, Bill. H.R.8333 includes a “grandfather” clause that allows a designated company to continue carrying out the U.S. government-funded contracts until 2032.

For the proposed Biosecure Act to become law, the U.S. Senate must also approve it and reconcile the differences between Bill S.3558 and the earlier Bill H.R.8333 voted by U.S. Senate Committee on Homeland Security and Government Affairs on March 6, 2024 (which is the current Senate committee version of the Biosecure Act). The Senate has not scheduled floor time to consider the proposed Biosecure Act and the legislative route forward is uncertain at this stage. The contents of the proposed Biosecure Act, including the reference to the Guarantor, remain subject to further review and potential changes. The Guarantor has been closely working together with its advisors to set the record straight and advocate for appropriate changes to the proposed legislation.

The Guarantor strongly disagrees with the preemptive and unjustified designation of the Guarantor as a named “biotechnology company of concern” in the proposed Biosecure Act without due process. The Guarantor fully complies with the laws and regulations in the countries and regions in which the Guarantor operates, and is working diligently to engage with U.S. policymakers and demonstrate that:

- the Guarantor does not have a human genomics business and does not collect human genomic data in any of its businesses.
- the Guarantor never transferred any data or intellectual property of U.S. customers to third parties without customers’ authorization.
- the Guarantor is not affiliated with any political party, government, or armed forces thereof.
- the Guarantor has not posed, does not pose and will not pose a national security risk to any country.
- the Guarantor has not been subject to any sanction by the U.S. government agencies.

By adhering to the Guarantor’s core value of “doing the right thing and doing it right”, the Guarantor has served as a trusted and valued partner in the global healthcare community. For more than twenty years the Guarantor has helped thousands of global customers with discovery, development, and manufacturing efforts to deliver innovative medicines that save and improve patients’ lives. The Guarantor remains committed to serving its customers and helping patients around the world.

Risk of loss of key scientific staff

The Guarantor’s key scientific staff is an important part of its core competence as well as foundation and key to its survival and growth. Maintenance of a stable team of key scientific staff and attraction of talents to join the Guarantor play a key role on its abilities to keep its leading position in the industry in terms of technological capabilities and continuity of its R&D and manufacturing services. Turnover of key scientific staff might occur if the Guarantor losses its competitive edge in terms of compensation, incentive mechanism on core technical staff fails to give its full play or human resources management/control or internal promotion system could not be effectively implemented, which will in turn adversely affect the Guarantor’s core competitiveness and sustainable profitability.

Risk of failure in business expansion

The Guarantor anticipates that its customers' outsourcing demands on drug R&D, commercial manufacturing and clinical development will increase on an ongoing basis. In order to continuously meet market demands and seize the growth opportunity, the Guarantor needs to invest a great deal of capital and resources and continue to push forward strengthening of its capabilities and expansion of scale globally. Adverse impact might be caused to the Guarantor's business, financial and operating performances and outlook in case its entry into new segment suffers unforeseeable delay due to delay in construction and regulatory issues, or the Guarantor needs to achieve its growth targets.

Exchange rate risk

Most of the revenue of the Guarantor's main business was settled in USD. If RMB appreciates significantly in the future, a portion of cost denominated in foreign currencies might be increased and the size of the Guarantor's customers' orders might be contracted due to the increase of price. In addition, the USD assets the Guarantor holds might cause foreign exchange loss when exchanged for RMB funds, which may directly impact its profitability as a result.

Risk of material impact on value of the Guarantor's assets at fair value by market fluctuation

Value of the Guarantor's assets or liabilities measured at fair value, such as equity interests in listed companies and non-listed underlying investment interests, and biological assets, are measured at the fair value at the end of each reporting period, with the changes in fair value recognized in current profit and loss. Among which, the Guarantor's equity interests in listed companies and other non-listed underlying interests are recorded as other non-current financial assets measured at fair value, the value of which could be greatly affected by market fluctuations. The Guarantor pays close attention to the trend of the share price on the investee listed companies with a view to making timely investment decisions with these investee companies. As the Guarantor's mark-to-market the fair value of certain of its investments on a periodic basis, the Guarantor expects the fair value of its financial assets at fair value, especially the value of shares in publicly-traded companies held by the Guarantor, may be significantly changed by capital market fluctuations which may cause significant fluctuations on its net profit and further affect its results.

Risks of impact of emergencies and force majeure on the Guarantor's operation

Emergent public health emergencies, earthquakes, typhoons and other force majeure events may affect the Guarantor's operation. In response to these situations, the Guarantor has developed business continuity plans to timely and systematically facilitate the resumption of the critical operations, functions, and technology in the pre-and post-crisis periods and during the crisis, ensuring that its business can continue to develop feasibly and steadily. However, if the Guarantor's business continuity plans fail to cope with the impact of relevant emergencies and force majeure events, it may have an adverse impact on its business, finance, operational performance and prospects.

The Issuer has incurred losses in the past, and it may not be able to remain profitable or increase profitability in the future

The Issuer has incurred losses in the past. For the year ended December 31, 2022, it recorded a loss for the year of U.S.\$31,963,577, although it recorded a profit of U.S.\$83,336,710 for the year ended December 31, 2023. The Issuer's ability to achieve profitability is affected by various factors, many of which are beyond its control. For example, the Issuer's primary business costs are settled in RMB. If the RMB appreciates significantly in the future, it may lead to an increase in some of the costs, thereby causing a decline in gross profits. At the same time, the conversion of the Issuer's U.S. dollar-denominated liabilities into RMB could result in exchange losses, which would further impact the profitability. While the Issuer plans to respond to these changes in a timely and effective manner, there can be no assurance that it will maintain profitability and it may experience losses again in the future.

PRC economic and social conditions and government policies

A significant portion of the Group's revenue is sourced from the PRC. Accordingly, the results of operations, financial condition and prospects of the Group are directly affected by the economic and legal developments in the PRC.

Any market and economic downturn, economic slowdown or geopolitical uncertainties in the PRC, its neighboring countries or regions or the rest of the world may exacerbate the risks relating to the PRC capital markets. There can be no assurance that the PRC's economy or the global economy will continue to improve or maintain sustainable growth. In the event of an economic downturn, the Group's business, financial conditions and results of operations could be adversely affected.

The PRC government has implemented various measures to encourage economic growth and guide the allocation of resources. Some of these measures benefit the overall PRC economy but may also negatively affect the Group's operations. For example, the Group's financial condition and results of operations may be adversely affected by the PRC government's regulation over capital investments or any changes in tax regulations or foreign exchange rules and regulations that are applicable to the Group. For the past three decades, the PRC government has implemented economic reform measures emphasizing utilization of market forces in the development of the PRC economy. Although the Company believes these reforms will have a positive effect on the Group's overall and long-term development, it cannot predict whether changes in the PRC's economic and social conditions, laws, regulations and policies will have any adverse effect on the Group's current or future business, results of operations or financial condition. In addition, global economic uncertainty and the slowdown in the economic growth in certain countries, including the PRC, have precipitated, and may continue to raise the possibility of, fiscal, monetary, regulatory and other governmental actions. The Group cannot predict whether or when such actions may occur, nor can the Group predict what ultimate impact, if any, such actions or any other governmental actions could have on its business, results of operations and financial conditions.

RISKS RELATING TO THE BONDS, THE GUARANTEE, THE SHARES AND THE OFFERING

The Bonds and the Guarantee will be effectively subordinated to all of the Issuer's and the Guarantor's secured debt

The Bonds and the Guarantee will be general senior unsecured obligations. The Bonds and the Guarantee will be effectively subordinated to all the secured indebtedness of the Issuer and the Guarantor to the extent of the value of the assets securing such indebtedness. In addition, the Bonds and the Guarantee will, subject to some limitations, permit the Issuer and the Guarantor to incur additional secured indebtedness in connection with bank and other financing arrangements.

In the event of bankruptcy, liquidation, reorganization or other winding-up, the assets of the Issuer and the Guarantor that secure the secured indebtedness of the Issuer and the Guarantor will be available to pay obligations on the Bonds or under the Guarantee only after all secured indebtedness, together with accrued interest, has been repaid. If the Issuer or the Guarantor is unable to repay its secured indebtedness, its lenders could foreclose on substantially all the assets of the Issuer and the Guarantor which serve as collateral. Under such circumstances, the secured lenders of the Issuer or, as the case may be, the Guarantor would be entitled to be repaid in full from the proceeds of the liquidation of those assets before those assets would be available for distribution to other creditors, including holders of the Bonds. Holders of the Bonds will participate in the proceeds of the liquidation of the remaining assets of the Issuer or, as the case may be, the Guarantor rateably with holders of the unsecured indebtedness of the Issuer or, as the case may be, the Guarantor that is deemed to be of the same class as the Bonds, and potentially with all of the other general creditors of the Issuer and or, as the case may be, Guarantor.

Claims by holders of the Bonds are structurally subordinated to creditors of the subsidiaries of the Issuer and the Guarantor

The ability of the Issuer and the Guarantor to make payments in respect of the Bonds and the Guarantee depends largely upon the receipt of dividends, distributions, interest or advances from their subsidiaries. The ability of the subsidiaries of the Issuer and the Guarantor to pay dividends and other amounts to the Issuer and the Guarantor may be subject to such subsidiaries' profitability and applicable laws. Payments under the Bonds are structurally subordinated to all existing and future liabilities and obligations of each of the subsidiaries of the Issuer and the Guarantor. Claims of creditors of such companies will have priority as to the assets of such companies over the Issuer, the Guarantor and its creditors, including holders of the Bonds.

There may not be a liquid market for the Bonds, and Bondholders may not be able to sell their Bonds at an attractive price or at all

The Bonds will be a new issue of securities for which there is currently no trading market. Although, application will be made to the Hong Kong Stock Exchange for the listing of, and permission to deal in, the Bonds, the Issuer and the Guarantor cannot assure investors as to the liquidity of the Bonds, that an active trading market will develop, or that the Issuer and the Guarantor will be able to maintain a listing of the Bonds on the Hong Kong Stock Exchange. The Lead Manager is not obligated to make a market in the Bonds and any such market making, if commenced, may be discontinued at any

time at the sole discretion of the Lead Manager. Accordingly, there is no assurance that a liquid trading market for the Bonds will develop or be sustained. If an active trading market for the Bonds does not develop or is not sustained, the market price and liquidity of the Bonds may be adversely affected.

Even if an active trading market were to develop, the Bonds could trade at prices that might be lower than the initial offering price. Future trading prices of the Bonds will depend on many factors, including, but not limited to:

- prevailing interest rates and interest rate volatility;
- the market for similar securities;
- the operating and financial results of the Issuer and the Guarantor;
- the publication of earnings estimates or other research reports and speculation in the press or the investment community;
- the market price of the Bonds; or
- changes in the Group's industry and competition; and general market and economic conditions.

Accordingly, Bondholders may not be able to sell their Bonds at an attractive price or at all, and may incur losses on their investments.

The Trustee may request the Bondholders to provide an indemnity and/or security and/or prefunding to its satisfaction

In certain circumstances, including giving of notice to the Issuer and the Guarantor pursuant to Condition 9 (*Events of Default*) of the Terms and Conditions and the taking of steps, actions or proceedings pursuant to Condition 13 (*Enforcement*) of the Terms and Conditions, the Trustee may request Bondholders to provide an indemnity and/or security and/or prefunding to its satisfaction before it takes steps and/or actions and/or institutes proceedings on behalf of Bondholders. The Trustee shall not be obliged to take any such steps and/or actions and/or to institute any such proceedings if it is not indemnified and/or secured and/or prefunded to its satisfaction. Negotiating and agreeing to an indemnity and/or security and/or prefunding can be a lengthy process and may affect when such steps and/or actions can be taken and/or such proceedings can be instituted. The Trustee may not be able to take steps and/or actions and/or institute proceedings, notwithstanding the provision of an indemnity and/or security and/or prefunding to it, in breach of the terms of the Trust Deed and/or the Terms and Conditions and in such circumstances, or where there is uncertainty or dispute as to the applicable laws or regulations to the extent permitted by the agreements and the applicable law, it will be for the Bondholders to take such steps and/or actions and/or institute such proceedings directly.

Bondholders will have no rights as holders of the Shares prior to conversion of the Bonds, but are subject to changes made with respect to the Shares

Unless and until the Bondholders acquire the Shares upon conversion of the Bonds, Bondholders will have no rights with respect to the Shares, including any voting rights or rights to receive any regular dividends or other distributions with respect to the Shares. Upon conversion of the Bonds, these holders will be entitled to exercise the rights of holders of the Shares only as to actions for which the applicable record date occurs after the date of conversion. However, such Bondholders are subject to all changes affecting the Shares. For example, in the event that an amendment is proposed to the Guarantor's Articles requiring shareholder approval, and the record date for determining the shareholders of record entitled to vote on the amendment occurs prior to the date of conversion of the Bonds for such Shares and (as applicable) the date of registration by the relevant Bondholder as the holder thereof, that Bondholder would not be entitled to vote on the amendment but would nevertheless be subject to any resulting changes in the powers, preferences or special rights that affect the Shares after conversion.

There is a limited period during which the Bondholders may convert their Bonds

Subject as provided in the Terms and Conditions, Conversion Right under the Terms and Conditions may only be exercised in certain limited circumstances (subject to any applicable fiscal or other laws or regulations and as further provided in the Terms and Conditions) from and including the 41st day after the Issue Date until the earlier of (a) the close of business on the date falling 10 working days prior to the Maturity Date; or (b) if the Bonds shall have been called for redemption by the Issuer before the Maturity Date, up to and including the close of business (at the place aforesaid) on a date no later than 10 working days (at the place aforesaid) prior to the date fixed for redemption. If the Conversion Right are not exercised by Bondholders during the Conversion Period, the Bonds will be redeemed at its principal amount on the Maturity Date unless the Bonds are previously redeemed, converted or purchased and canceled in accordance with the Terms and Conditions.

Securities law restrictions on the resale and conversion of the Bonds and the resale of the Shares issuable upon their conversion may limit Bondholders' ability to sell the Bonds in the United States

The Bonds and the Shares into which the Bonds are convertible have not been and will not be registered under the Securities Act, any state securities laws or the securities laws of any other jurisdiction. Unless and until they are registered, the Bonds and the Shares issuable upon conversion may not be offered, sold or resold except pursuant to an exemption from registration under the Securities Act and applicable state laws or in a transaction not subject to such laws. The Bonds are being offered and sold outside the U.S. in reliance on Regulation S under the Securities Act. The Issuer is not required to register the Bonds and the Shares into which the Bonds are convertible under the terms of the Bonds. Hence, future resales of the Bonds and the Shares into which the Bonds are convertible may only be made pursuant to an exemption from registration under the Securities Act and applicable state laws or in a transaction not subject to such laws.

The Issuer and the Guarantor will follow the applicable corporate disclosure standards for debt securities listed on the Hong Kong Stock Exchange, which may be different from those applicable to companies in certain other countries

The Issuer and the Guarantor will be subject to reporting obligations in respect of the Bonds to be listed on the Hong Kong Stock Exchange. The disclosure standards imposed by the Hong Kong Stock Exchange may be different from those imposed by securities exchanges in other countries or regions. As a result, the level of information that is available may not correspond to what investors in the Bonds are accustomed to or may expect.

The Bondholders may be subject to tax on their income or gain from the Bonds

Prospective investors of the Bonds are advised to consult their own tax advisers concerning the overall tax consequences of the acquisition, ownership or disposition (including upon conversion of the Bonds) of the Bonds or the Shares. (See “Taxation” for certain PRC and Hong Kong tax consequences.)

Gains on the transfer of the Bonds and Premium may be subject to income tax under PRC tax laws

Under the EIT Law and its implementation rules, gains on the transfer of the Bonds may be subject to income tax under PRC tax laws if the Bonds be deemed as equity interests.

Under the EIT Law, a non-resident enterprise shall pay PRC enterprise income tax on its income sourced from inside the PRC, including the gains derived from the disposal of equity interests in a PRC enterprise. However, it is not clear whether the Bonds would be deemed as equity interests by the PRC taxation authorities. If the Bonds are deemed as equity interests by the PRC taxation authorities, any gains realized on the transfer of the Bonds by holders who are deemed under the EIT Law as non-resident enterprises would be subject to PRC enterprise income tax. Under the EIT Law, a “non-resident enterprise” means an enterprise established under the laws of a jurisdiction other than the PRC and whose actual administrative organization is not in the PRC, which has established offices or premises in the PRC, or which has not established any offices or premises in the PRC but has obtained incomes derived from sources within the PRC. In addition, there is uncertainty as to whether gains realized on the transfer of the Bonds by non-resident PRC individual holders will be subject to PRC individual income tax. If such gains are subject to PRC income tax, the 10 per cent. enterprise income tax rate and 20 per cent. individual income tax rate will apply respectively unless there is an applicable tax treaty or arrangement that reduces or exempts such income tax. The taxable income will be the balance of the total income obtained from the transfer of the Bonds minus all costs and expenses that are permitted under PRC tax laws to be deducted from the income.

If a Holder, being a non-resident enterprise or non-resident individual, is required to pay any PRC income tax on gains on the transfer of the Bonds, the value of the relevant Holders’ investment in the Bonds may be materially and adversely affected. See “Taxation — PRC”. Under the IIT Law, a “non-resident individual” means any non-resident PRC individual who is not residing in the PRC or who has resided in China for less than 183 days.

If any of the Issuer, the Guarantor or any of their respective subsidiaries is unable to comply with the restrictions and covenants in its debt agreements, there could be a default under the terms of these agreements, which could cause repayment of its debt to be accelerated

If any of the Issuer, the Guarantor or any of their respective subsidiaries is unable to comply with the restrictions and covenants or its current or future debt obligations and other agreements, there could be a default under the terms of those agreements. In the event of a default under these agreements, the holders of the debt could terminate their commitments to lend, accelerate repayment of the debt and declare all outstanding amounts due and payable or terminate the agreements, as the case may be. As a result, a default under one debt agreement may cause the acceleration of repayment of not only such debt but also other debt, including the Bonds, or result in a default under the Issuer's or the Guarantor's or such subsidiary's other debt agreements. If any of these events occurs, there is no assurance that the Issuer or the Guarantor will have sufficient assets and cash flow to repay in full all of its indebtedness, or that the Issuer or the Guarantor would be able to find alternative financing. Even if the Issuer or the Guarantor could obtain alternative financing, it cannot guarantee that it would be on terms that are favorable or acceptable to the Issuer or the Guarantor.

The Issuer and the Guarantor may not have the ability to redeem the Bonds

Bondholders may require the Issuer, subject to certain conditions, to redeem for cash some or all of their Bonds upon a transaction or event constituting a Relevant Event as described under "*Terms and Conditions of the Bonds — Redemption, Purchase and Cancellation — Redemption for Relevant Events*". The Issuer or the Guarantor may not have sufficient funds or other financial resources to make the required redemption in cash at such time or the ability to arrange necessary financing on acceptable terms, or at all. The Issuer's or the Guarantor's ability to redeem the Bonds in such event may also be limited by the terms of other debt instruments. Failure to repay, repurchase or redeem tendered Bonds by the Issuer or the Guarantor would constitute an event of default under the Bonds, which may also constitute a default under the terms of other indebtedness held by the Issuer or the Guarantor.

The Bonds may be redeemed at the option of the Issuer, which may adversely affect the trading price and liquidity of the Bonds and may subject Bondholders to reinvestment risks

Subject to certain conditions, the Bonds may be redeemed at the Issuer's option at their principal amount if at any time the aggregate principal amount of the Bonds outstanding is less than 10 per cent of the aggregate principal amount originally issued (including any Bonds issued pursuant to Condition 15 (*Further Issues*) of the Terms and Conditions), but prior to the Maturity Date. See "*Terms and Conditions of the Bonds — Redemption, Purchase and Cancellation — Redemption at the Option of the Issuer*". As a result, the trading price of the Bonds may be affected when this option of the Issuer becomes exercisable. Accordingly, Bondholders may not be able to sell their Bonds at an attractive price, thereby exercise of the Issuer's option to redeem the Bond could have a material adverse effect on the trading price and liquidity of the Bonds. In addition, the Bondholders may not be able to reinvest the redemption proceeds at an effective interest rate and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Short selling of the Shares by Bondholders could materially and adversely affect the market price of the Shares

The issuance of the Bonds may result in downward pressure on the market price of the Shares. Investors in convertible securities may seek to hedge their exposure in the underlying equity securities, often through short selling of the underlying equity securities or similar transactions. Any short selling and similar hedging activity could place significant downward pressure on the market price of the Shares, thereby having a material adverse effect on the market value of the Shares owned by an investor as well as on the trading price of the Bonds.

The market value of the Bonds may fluctuate

Trading prices of the Bonds are influenced by numerous factors, including the results of operations and/or financial condition and business strategy (in particular further issuance of debt or corporate events such as share sales, reorganizations, takeovers or share buybacks) of the Group and/or the subsidiaries and/or associated companies of the Group, political, economic, financial, regulatory and any other factors that can affect the capital markets, the industry, the Group and/or the subsidiaries and/or associated companies of the Group generally. Adverse economic developments, in Hong Kong and China as well as countries in which the Group and/or the subsidiaries and/or associated companies of Group operate or have business dealings, could have a material adverse effect on the Hong Kong economy and the results of operations and/or the financial condition of the Group and/or the subsidiaries and/or associated companies of the Group.

In addition, the market price of the Bonds is expected to be affected by fluctuations in the market price of the Shares. There can be no certainty as to the effect, if any, that future issues or sales of Shares, or the availability of such Shares for future issue or sale, will have on the market price of the Shares prevailing from time to time and therefore on the market price of the Bonds. Disposals of Shares by shareholders or a perception in the market that such disposals could occur, could adversely affect the prevailing market price of the Shares and the Bonds.

Changes in interest rates may have an adverse effect on the price of the Bonds

The Bonds will not bear interest. The Bondholders may suffer unforeseen losses due to fluctuations in interest rates. Generally, a rise in interest rates may cause a fall in the prices of the Bonds, resulting in a capital loss for the Bondholders. Conversely, when interest rates fall, the prices of the Bonds may rise. The Bondholders may enjoy a capital gain.

The return on the Bonds may decrease due to inflation

The Bondholders may suffer erosion on the return of their investments due to inflation. The Bondholders would have an anticipated rate of return based on expected inflation rates on the purchase of the Bonds. An unexpected increase in inflation could reduce the actual returns.

The Bonds may not be a suitable investment for all investors

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained in this Offering Circular or any applicable supplement;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact such investment will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor's currency;
- understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

The Bonds are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in the Bonds which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Bonds will perform under changing conditions, the resulting effects on the value of the Bonds and the impact this investment will have on the potential investor's overall investment portfolio.

Modification and waivers may be made in respect of the Terms and Conditions, the Deed of Guarantee and the Trust Deed by the Trustee without the consent of the holders of the Bonds

The Terms and Conditions will contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions will permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

The Terms and Conditions will further provide that the Trustee may, but shall not be obliged to, agree without the consent of the Bondholders to any modification of the Trust Deed, the Deed of Guarantee, the Bonds and/or the Agency Agreement which in the opinion of the Trustee is of a formal, minor or technical nature or is made to correct a manifest error or to comply with any mandatory provisions of law.

In addition, the Trustee may also, without the consent of the Bondholders, agree to any modification (except as mentioned in the Trust Deed) and any waiver or authorization of any breach or proposed breach of the Bonds, the Trust Deed, the Deed of Guarantee or the Agency Agreement (other than a proposed breach, or a breach relating to the subject of certain reserved matters) if, in the opinion of the Trustee, the interests of the Bondholders will not be materially prejudiced thereby.

Exchange rate risks and exchange controls may affect an investor's returns on the Bonds

Investment in the Bonds presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than U.S. dollars. These include the risk that exchange rates may significantly change (including changes due to devaluation of the U.S. dollars or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to U.S. dollars would decrease (i) the Investor's Currency-equivalent yield on the Bonds; (ii) the Investor's Currency-equivalent value of the principal payable on the Bonds; and (iii) the Investor's Currency-equivalent market value of the Bonds. Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less principal than expected, or no principal.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent:

- the Bonds are legal investments for it;
- the Bonds can be used as collateral for various types of borrowing; and
- any other restrictions apply to its purchase or pledge of the Bonds.

Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Bonds under any applicable risk-based capital or similar rules.

The Guarantor's subsidiaries, jointly controlled entities and associated companies are subject to restrictions on the payment of dividends and the repayment of intercompany loans or advances to the Guarantor, its jointly controlled entities and associated companies

The Guarantor depends on the receipt of dividends and the interest and principal payments on intercompany loans or advances from its subsidiaries, jointly controlled entities and associated companies to satisfy its obligations, including its obligations under the Bonds. The ability of the Guarantor's subsidiaries, jointly controlled entities and associated companies to pay dividends and make payments on intercompany loans or advances to their shareholders is subject to, among other things, distributable earnings, cash flow conditions, restrictions contained in the articles of association of these companies, applicable laws and restrictions contained in the debt instruments of such companies. The Guarantor cannot assure that its subsidiaries, jointly controlled entities and associated companies will have distributable earnings or will be permitted to distribute their distributable earnings to it as it anticipates, or at all. In addition, dividends payable to it by these companies are limited by the percentage of its equity ownership in these companies. Further, if any of these companies raises capital by issuing equity securities to third parties, dividends declared and paid with respect to such shares would not be available to the Guarantor to make payments on the Bonds. These factors could reduce the payments that the Guarantor receives from its subsidiaries, jointly controlled entities and associated companies, which would restrict its ability to meet its payment obligations under the Bonds.

PRC laws and regulations permit payment of dividends only out of accumulated profits as determined in accordance with PRC accounting standards and regulations. The PRC subsidiaries, jointly controlled entities and associated companies of the Guarantor are also required to set aside a portion of their post-tax profits according to PRC accounting standards and regulations to fund certain reserves that are not distributable as cash dividends.

If the Guarantor fails to complete registration with SAFE in connection with the Guarantee, there may be logistical and practical hurdles for cross-border payments under the Guarantee

The Guarantor will unconditionally and irrevocably guarantee the due and punctual payment of all sums from time to time payable by the Issuer in respect of the Bonds and under the Trust Deed. Such Guarantee will be contained in the Deed of Guarantee to be executed on the Issue Date. The Guarantor is required to submit the Guarantee to SAFE within 15 Registration Business Days upon the execution of the Deed of Guarantee for registration in accordance with the Provisions on the Foreign Exchange Administration Rules on Cross-border Security (《跨境擔保外匯管理規定》) promulgated by SAFE. If the Guarantor fails to complete registration with SAFE, there may be logistical and practical hurdles at the time of remittance of funds (if any cross-border payment is to be made by the Guarantor under the Guarantee) as domestic banks may require evidence of registration with SAFE in connection with the Guarantee prior to giving effect to any such remittance.

There may be filing or other requirements of the CSRC or other PRC government authorities in relation to the issuance of the Bonds or further capital raise activities

On February 17, 2023, the CSRC released the Trial Administrative Measures of Overseas Securities Offering and Listing by Domestic Companies (《境內企業境外發行證券和上市管理試行辦法》) and supporting guidelines (together, the “**CSRC Filing Rules**”), which came into effect on March 31, 2023. The CSRC Filing Rules will regulate both direct and indirect overseas offering and listing of PRC domestic companies’ securities by adopting a filing-based regulatory regime. The CSRC Filing Rules state that, any post-listing follow-on offering by an issuer in an overseas market, including issuance of shares, convertible bonds and other similar securities, shall be subject to filing requirement within three business days after the completion of the offering. The Guarantor has been advised that it is required to go through filing procedures with the CSRC after the completion of this Offering of the Bonds and for its future offerings and listing of its securities in an overseas market under the CSRC Filing Rules for this offering. The CSRC Filing Rules provide that an overseas offering and listing, including the follow-on offering of convertible bonds, is prohibited under any of the following circumstances: if (i) such securities offering and listing is explicitly prohibited by provisions in laws, administrative regulations and relevant state rules; (ii) the intended securities offering and listing may endanger national security as reviewed and determined by competent authorities under the State Council in accordance with law; (iii) the domestic company intending to make the securities offering and listing, or its controlling shareholder(s) and the actual controller, have committed relevant crimes such as corruption, bribery, embezzlement, misappropriation of property or undermining the order of the socialist market economy during the latest three years; (iv) the domestic company intending to make the securities offering and listing is currently under investigation for suspicion of criminal offences or major violations of laws and regulations, and no conclusion has yet been made thereof; or (v) there are material ownership disputes over equity held by the domestic company’s controlling shareholder(s) or by other shareholder(s) that are controlled by the controlling shareholder(s) and/or actual controller (the

“**Forbidden Circumstances**”). In addition, in the process of filing, where the issuer may be under any of the Forbidden Circumstances, the CSRC may solicit the opinions of the competent government authorities under the State Council.

The Guarantor will comply with applicable filing requirements as appropriate. However, the Guarantor cannot assure that it is able to meet such requirements, obtain such permit of filing from the relevant government authorities, or complete such filing in a timely manner or at all. In addition, it cannot guarantee that new rules or regulations promulgated in the future will not impose any additional requirements on the Guarantor. If it is determined that the Guarantor is subject to any approval, filing, other governmental authorization or requirements from the CSRC or other PRC government authorities, the Guarantor may fail to obtain such approval or meet such requirements in a timely manner or at all. Such failure may subject the Guarantor to fines, penalties or other sanctions which may have a material adverse effect on its business and financial condition.

The Guarantor is subject to risks related to PBOC’s changes in registration and reporting requirements

On January 11, 2017, the PBOC issued the Circular of the People’s Bank of China on the Macro-prudence Management of Cross-border Financing in Full Aperture (the “**Cross Border Financing Circular**”, 中國人民銀行關於全口徑跨境融資宏觀審慎管理有關事宜的通知), which came into effect on January 11, 2017. The Cross Border Financing Circular established a mechanism aimed at regulating cross border financing activities conducted by domestic institutions, including domestic enterprises and financial institutions other than the governmental financing platforms and real estate enterprises, based on the capital or net asset of the borrowing entities using a prudent management principle on a macro nationwide scale. There is also uncertainty as to whether the Guarantor will fall under the scrutiny of the Cross Border Financing Circular.

Neither the PBOC nor SAFE has promulgated implementation rules of the Cross Border Financing Circular as at the date of this Offering Circular. The Guarantor cannot predict the registration and reporting process for the aforesaid regulations and the enforcement of the Cross Border Financing Circular is subject to further clarification from competent authorities.

Bondholders have limited anti-dilution protection

The Conversion Price will be adjusted in the event that there is a consolidation, sub-division or reclassification, capitalization of profit or reserves, capital distributions, other dilutive events or upon change of control but only in the situations and only to the extent provided in “*Terms and Conditions of the Bonds — Conversion — Adjustments to Conversion Price*” and “*Terms and Conditions of the Bonds — Conversion — Adjustments upon Change of Control*”. There is no requirement that there should be an adjustment for every corporate or other event that may affect the value of the Ordinary Shares. Events in respect of which no adjustment is made may adversely affect the market price of the Ordinary Shares and therefore, adversely affect the market price of the Bonds.

The conversion of some or all of the Bonds will dilute the ownership interest of existing shareholders

The conversion of some or all of the Bonds will dilute the ownership interest of existing shareholders of the Guarantor. Any sales in the public market of the Shares issuable upon such conversion or exercise, or the perception that such sale may occur could adversely affect prevailing

market prices of the Shares and the Bonds. In addition, the existence of the Bonds may encourage short selling by market participants because the conversion of the Bonds could depress the market price of the Shares.

Enforcement of shareholder rights

Currently, the primary sources of shareholder rights are the Guarantor's Articles of Association, the PRC Company Law, the PRC regulations and the listing rules of the Hong Kong Stock Exchange and the Shanghai Stock Exchange, which, among other things, impose certain standards of conduct, fairness and disclosure on the Guarantor, its directors and its substantial shareholders. In general, these rights are not relatively as broad as those applicable to companies incorporated in the United States, the United Kingdom and many European countries. To the Guarantor's knowledge, there has not been any published report of judicial enforcement in the PRC by holders of H Shares of their rights under constituent documents of joint stock limited companies or the PRC Company Law or in the application or interpretation of the PRC or Hong Kong regulatory provisions applicable to PRC joint stock limited companies. Being under different legal systems, it is possible that the Guarantor's shareholders may not enjoy the full protections to which they may be entitled in a different jurisdiction.

China does not have treaties providing for the reciprocal recognition and enforcement of judgments of courts with the United States, the United Kingdom or most European countries, and therefore recognition and enforcement in China of judgments of a court in any of these jurisdictions in relation to any matter not subject to a binding arbitration provision may not be assured.

The insolvency laws of the PRC and other local insolvency laws may differ from those of another jurisdiction with which the holders of the Bonds are familiar

As the Guarantor is incorporated under the laws of the PRC, any insolvency proceeding relating to the Guarantor, even if brought in other jurisdictions, would likely involve PRC insolvency laws, the procedural and substantive provisions of which may differ from comparable provisions of the local insolvency laws of jurisdictions with which the Bondholders are familiar. There is no assurance that investors in the Bonds will be able to receive the same protection under the insolvency laws of the PRC as those in their respective home jurisdictions.

Future issuances of the Ordinary Shares or equity-related securities may depress the trading price of the H Shares

Any issuance of the Guarantor's equity securities after this Offering could dilute the interest of the existing shareholders and could substantially decrease the trading price of the H Shares. The Guarantor may issue equity securities in the future for a number of reasons, including to finance its operations and business strategy (including in connection with acquisitions, strategic collaborations or other transactions), to adjust its ratio of debt-to-equity, to satisfy its obligations upon the exercise of outstanding warrants, options or other convertible bonds or for other reasons. Sales of a substantial number of the H Shares or other equity-related securities in the public market (or the perception that such sales may occur) could depress the market price of the H Shares. The Guarantor cannot predict the effect that future sales of the H Shares or other equity-related securities would have on the market price of the H Shares. In addition, the price of the H Shares could be affected by possible sales of the H Shares by investors who view the Bonds as a more attractive means of obtaining equity participation in the Guarantor and by hedging or engaging in arbitrage trading activity involving the Bonds.

The Bonds will initially be represented by a Global Certificate and holders of a beneficial interest in the Global Certificate must rely on the procedures of the relevant Clearing System

The Bonds will initially be represented by a Global Certificate. Such Global Certificate will be deposited with a common depository for Euroclear and Clearstream (each of Euroclear and Clearstream, a “**Clearing System**”). Except in the circumstances described in the Global Certificate, investors will not be entitled to receive definitive Bonds. The relevant Clearing System will maintain records of the beneficial interests in the Global Certificate. While the Bonds are represented by the Global Certificate, investors will be able to trade their beneficial interests only through the Clearing Systems.

While the Bonds are represented by a Global Certificate, the Issuer will discharge its payment obligations under the Bonds by making payments to the common depository for Euroclear and Clearstream, for distribution to their account holders. A holder of a beneficial interest in the Global Certificate must rely on the procedures of the relevant Clearing System to receive payments under the Bonds. None of the Issuer, the Trustee or the Agents or any of their respective directors, officers, employees, agents, representatives, affiliates or advisers or any person who controls any of them has any responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Certificate.

Holders of beneficial interests in a Global Certificate will not have a direct right to vote in respect of the Bonds. Instead, such holders will be permitted to act only to the extent that they are enabled by the relevant Clearing System to appoint appropriate proxies.

A change in English law which will govern the Bonds may adversely affect Bondholders

The Terms and Conditions will be governed by English law. No assurance can be given as to the impact of any possible judicial decision or change English law or administrative practice after the date of issue of the Bonds.

It may be difficult to effect service of process or to enforce any judgments obtained from non-PRC courts against the Group or its management residing in the PRC

The Terms and Conditions and the transaction documents will be governed by English law and the Issuer and the Guarantor will submit to the exclusive jurisdiction of the Hong Kong courts. However, most companies in the Group are incorporated in the PRC and a substantial amount of the Group’s assets and companies are located in the PRC. Therefore, investors may encounter difficulties in effecting service of process from outside PRC upon the Group or its management.

Moreover, due to the difference in legal systems, you may experience difficulties in effecting service of legal process and enforcing foreign judgments in the PRC, as the case in many other jurisdictions. The PRC has not entered into treaties or arrangements providing for the recognition and enforcement of judgments made by the courts in most other jurisdictions. Therefore, recognition and enforcement in the PRC of judgments of a court in any of these non-PRC jurisdictions, as the case in many other jurisdictions, may be difficult.

On January 18, 2019, the Supreme People’s Court of the PRC and the Hong Kong government signed the Arrangement on Reciprocal Recognition and Enforcement of Judgments in Civil and Commercial Matters by the Courts of the Mainland and the Hong Kong Special Administrative Region

(關於內地與香港特別行政區法院相互認可和執行民商事案件判決的安排) (the “**2019 Arrangement**”). The 2019 Arrangement has been implemented in Hong Kong by the Mainland Judgments in Civil and Commercial Matters (Reciprocal Enforcement) Ordinance (Cap. 645), which came into operation on January 29, 2024. In the PRC, the Supreme People’s Court promulgated a judicial interpretation to implement the 2019 Arrangement on January 26, 2024 (the “**Judicial Interpretation**”). The 2019 Arrangement applies to judgments made on or after January 29, 2024.

Unlike other bonds issued in the international capital markets where holders of such bonds would typically not be required to submit to an exclusive jurisdiction, the Bondholders will be deemed to have submitted to the exclusive jurisdiction of the Hong Kong courts. Thus, the Bondholders’ ability to initiate a claim outside Hong Kong will be limited.

Under the 2019 Arrangement, where the Hong Kong court has given a legally effective judgment in a civil and commercial matter, any party concerned may apply to the relevant People’s Court of the PRC for recognition and enforcement of the judgement, subject to the provisions, limits, procedures and other terms and requirements of the 2019 Arrangement and the Judicial Interpretation. The recognition and enforcement of a Hong Kong court judgment could be refused if the relevant People’s Court of the PRC consider that the enforcement of such judgment is contrary to the basic principles of laws of the PRC or the social and public interests of the PRC. While it is expected that the relevant People’s Courts of the PRC will recognize and enforce a judgment given by a Hong Kong court and governed by English law, there can be no assurance that such courts will do so for all such judgments as there is no established practice in this area.

Short selling of the H Shares by Bondholders could materially and adversely affect the market price of the H Shares

The issuance of the Bonds may result in downward pressure on the market price of the H Shares. Investors in convertible securities may seek to hedge their exposure in the underlying equity securities, often through short selling of the underlying equity securities or similar transactions, such as the Concurrent Delta Placement. Any short selling and similar hedging activity could place significant downward pressure on the market price of the H Shares, thereby having a material adverse effect on the market value of the H Shares owned by an investor as well as on the trading price of the Bonds.

TERMS AND CONDITIONS OF THE BONDS

The following, subject to completion and amendment and other than the words in italics, is the text of the Terms and Conditions of the Bonds which will appear on the reverse of each of the definitive certificates evidencing the Bonds:

The issue of U.S.\$500,000,000 in aggregate principal amount of Zero Coupon Guaranteed Convertible Bonds due 2025 (the “**Bonds**”, which term shall include, unless the context requires otherwise, any further Bonds issued in accordance with Condition 15 and consolidated and forming a single series therewith) of WuXi AppTec (HongKong) Limited 藥明康德 (香港) 有限公司 (the “**Issuer**”) was authorized by written resolutions of the Issuer passed on October 7, 2024 and the guarantee of the Bonds and the right of conversion into H Shares (as defined in Condition 5.1.5) of WuXi AppTec Co., Ltd. For the avoidance of doubt, references to the “**Paying Agents**”, the “**Transfer Agents**” or, as the case may be, the “**Conversion Agents**” each include the Principal Agent. References to the “**Principal Agent**”, the “**Registrar**” and the “**Agents**” below are references to the principal agent, the registrar and the agents for the time being for the Bonds. These terms and conditions (the “**Conditions**”) include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Bonds. The Bonds have the benefit of a deed of guarantee (as amended and/or supplemented from time to time, the “**Deed of Guarantee**”) to be dated on or about 21 October 2024 and made between the Guarantor and the Trustee. For so long as any Bond is outstanding, copies of the Trust Deed, the Deed of Guarantee and the Agency Agreement are available (i) for inspection by the Bondholders (as defined in Condition 1.4) at all reasonable times during normal business hours (being between 9.00 a.m. and 3.00 p.m. from Monday to Friday (other than public holidays)) at the principal place of business in Hong Kong of the Trustee, being at the Issue Date at 40/F, Champion Tower, 3 Garden Road, Central, Hong Kong following prior written request and proof of holding and identity satisfactory to the Trustee or (ii) electronically to the requesting Bondholder from the Principal Agent following prior written request and proof of holding and identity to the satisfaction of the Principal Agent. The Bondholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and the Deed of Guarantee and are deemed to have notice of those provisions of the Agency Agreement applicable to them.

All capitalised terms that are not defined in these Conditions will have the meanings given to them in the Trust Deed.

1 STATUS; GUARANTEE; FORM, DENOMINATION AND TITLE

1.1 Status

The Bonds constitute direct, unsubordinated, unconditional and (subject to the provisions of Condition 3.1) unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference or priority among themselves. The payment obligations of the Issuer under the Bonds shall, save for such exceptions as may be provided by mandatory provisions of applicable law and subject to Condition 3.1, at all times rank at least equally with all of its other present and future direct, unsubordinated, unconditional and unsecured obligations.

1.2 Guarantee

The Guarantor has unconditionally and irrevocably guaranteed the due payment of all sums expressed to be payable by the Issuer under the Bonds and the Trust Deed. The Guarantor's obligations in respect of the Bonds and the Trust Deed (the "**Guarantee**") are contained in the Deed of Guarantee. The Guarantee constitutes direct, unsubordinated, unconditional and (subject to the provisions of Condition 3.1) unsecured obligations of the Guarantor.

Each Certificate will be numbered serially with an identifying number which will be recorded on the relevant Certificate and in the register of Bondholders (the "**Register**") which the Issuer will procure to be kept by the Registrar.

1.4 Title

Title to the Bonds passes only by transfer and registration in the Register as described in Condition 2. The holder of any Bond will (except as otherwise required by law or as ordered by a court of competent jurisdiction) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it or any writing on, or the theft or loss of, the Certificate issued in respect of it) and no person will be liable for so treating the holder. In addition, the Guarantor shall, within ten Registration Business Days after the Registration Documents are delivered to the Trustee, give notice to the Bondholders (in accordance with Condition 16) confirming the submission of the Initial CSRC Post-Issuance Filing and the Cross-border Security Registration.

In such event, such unpaid amount shall bear interest at the rate of two per cent. per annum (both before and after judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Bond up to that day are received by or on behalf of the relevant holder and (ii) the day falling seven days after the Trustee or the Principal Agent has notified Bondholders of receipt of all sums due in respect of all the Bonds up to that seventh day (except to the extent that there is failure in the subsequent payment to the relevant holders under these Conditions).

If interest is required to be calculated for a period of less than one year, it will be determined on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the number of days elapsed.

5 CONVERSION

5.1 Conversion Right

5.1.1 *Conversion Right and Conversion Period:* Subject as hereinafter provided and in accordance with the provisions of the Trust Deed, Bondholders have the right to convert their Bonds into H Shares credited as fully paid at any time during the Conversion Period referred to below.

Subject to and upon compliance with these Conditions, the right of a Bondholder to convert any Bond into H Shares is called the “**Conversion Right**”. The number of H Shares to be issued on conversion of a Bond will be determined by dividing the principal amount of the

Bond to be converted (translated into HK dollars at the fixed rate of HK\$7.7655 = U.S.\$1.00) (the “**Fixed Exchange Rate**”) by the Conversion Price (as defined in Condition 5.1.3) in effect on the Conversion Date (as defined in Condition 5.2.1). A Conversion Right may only be exercised in respect of an Authorised Denomination for one or more Bonds. If more than one Bond held by the same holder is converted at any one time by the same holder, the number of H Shares to be issued upon such conversion will be calculated on the basis of the aggregate principal amount of the Bonds to be converted.

Subject to and upon compliance with these Conditions (including without limitation Condition 5.1.4), the Conversion Right attaching to any Bond may be exercised, at the option of the holder thereof, at any time on and after 41st day after the Issue Date up to the close of business (at the place where the Certificate evidencing such Bond is deposited for conversion) on the date falling 10 working days prior to the Maturity Date (as defined in Condition 7.1) (both days inclusive) or if such Bond shall have been called for redemption by the Issuer before the Maturity Date, then up to and including the close of business (at the place aforesaid) on a date no later than 10 working days (at the place aforesaid) prior to the date fixed for redemption thereof; provided that no Conversion Right may be exercised in respect of a Bond where the holder shall have exercised its right to require the Issuer to redeem or repurchase such Bond pursuant to Condition 7.4 or during a Restricted Conversion Period (both dates inclusive) (as defined below); provided further that the Conversion Right is exercised subject to any applicable fiscal or other laws or regulations or as hereafter provided in these Conditions (the “**Conversion Period**”).

In accordance with the below paragraphs of this Condition 5.1.1, exercise of Conversion Rights is restricted in relation to any Bond during the period (i) commencing on the date falling 30 days prior to a shareholders’ meeting of the Guarantor and ending on the date of that meeting; or (ii) commencing the date falling five working days prior to the record date set by the Guarantor for the purpose of distribution of any dividend and ending on such record date; or (iii) commencing on such date and for such period as determined by applicable law from time to time that the Guarantor is required to close its register (a “**Restricted Conversion Period**”).

If the Conversion Date in respect of a Bond would otherwise fall during a Restricted Conversion Period, such Conversion Date shall be postponed to the first H Share Stock Exchange Business Day (as defined in Condition 5.8) following the expiry of such Restricted Conversion Period.

If the Conversion Date in respect of the exercise of any Conversion Right is postponed as a result of the foregoing provision to a date that falls after the expiry of the Conversion Period, such Conversion Date shall be deemed to be the final day of such Conversion Period.

For the purpose of this Condition 5.1.1, “**working day**” means a day other than a Saturday, Sunday or a public holiday on which commercial banks and foreign exchange markets are generally open for business in the city which the specified office of each of the Principal Agent and the Registrar is located, respectively.

5.1.2 *Fractions of H Shares*: Fractions of H Shares will not be issued on conversion and no cash payments or other adjustments will be made in lieu thereof. However, if the Conversion Right in respect of more than one Bond is exercised at any one time such that H Shares to be issued on conversion are to be registered in the same name, the number of such H Shares to be issued in respect thereof shall be calculated on the basis of the aggregate principal amount of such Bonds being so converted and rounded down to the nearest whole number of H Shares. Notwithstanding the foregoing, in the event of a consolidation or re-classification of H Shares by operation of law or otherwise occurring after 7 October 2024 which reduces the number of H Shares outstanding, the Issuer will upon conversion of Bonds pay in cash in U.S. dollars (by means of a U.S. dollar cheque drawn on a bank that processes payments in U.S. dollars or by transfer to a U.S. dollar account maintained by the payee, in either case in accordance with instructions given by the relevant Bondholder in the Conversion Notice) a sum equal to such portion of the principal amount of the Bond or Bonds evidenced by the Certificate deposited in connection with the exercise of Conversion Rights, aggregated as provided in Condition 5.1.1, as corresponds to any fraction of a H Share not issued as a result of such consolidation or re-classification aforesaid if such sum exceeds U.S.\$10.00 (which shall be determined using the Prevailing Rate on the Conversion Date).

5.1.3 *Conversion Price*: The price at which H Shares will be issued upon conversion (the “**Conversion Price**”) will initially be HK\$80.02 per H Share but will be subject to adjustment in the manner provided in Condition 5.3 and/or Condition 5.6, as applicable.

5.1.4 *Revival and/or survival after Default*: Notwithstanding the provisions of Condition 5.1.1, if (i) the Issuer or the Guarantor (as the case may be) shall default in making payment in full in respect of any Bond which shall have been called or put for redemption on the date fixed for redemption thereof, (ii) any Bond has become due and payable prior to the Maturity Date by reason of the occurrence of any of the events referred to in Condition 9 or (iii) any Bond is not redeemed on the Maturity Date in accordance with Condition 7.1, the Conversion Right attaching to such Bond will revive and/or will continue to be exercisable up to, and including, the close of business (at the place where the Certificate evidencing such Bond is deposited for conversion) on the date upon which the full amount of the moneys payable in respect of such Bond has been duly received by the Principal Agent or the Trustee and notice of such receipt has been duly given to the Bondholders in accordance with Condition 16 and, notwithstanding the provisions of Condition 5.1.1, any Bond in respect of which the Certificate and Conversion Notice are deposited for conversion prior to such date shall be converted on the relevant Conversion Date notwithstanding that the full amount of the moneys payable in respect of such Bond shall have been received by the Principal Agent or the Trustee before such Conversion Date or that the Conversion Period may have expired before such Conversion Date.

5.1.5 *Meaning of “Shares”*: As used in these Conditions, the expression (i) “**H Shares**” means ordinary foreign shares with a par value of RMB1.00 each issued by the Guarantor which are traded in HK dollars on the Hong Kong Stock Exchange; (ii) “**A Shares**” means ordinary domestic shares of RMB1.00 each issued by the Guarantor which are traded in Renminbi on the Shanghai Stock Exchange; and (iii) “**Ordinary Shares**” means the H Shares, the A Shares and any fully-paid and non-assessable shares of any class or classes of the ordinary

shares of the Guarantor authorised after the date of the issue of the Bonds which have no preference in respect of dividends or of amounts payable in the event of any voluntary or involuntary liquidation or dissolution of the Guarantor.

5.2 Conversion Procedure

5.2.1 *Conversion Notice*: Conversion Rights may be exercised by a Bondholder during the Conversion Period by delivering the relevant Certificate to the specified office of any Conversion Agent during its normal business hours (being 9:00 a.m. to 3:00 p.m., Monday to Friday on which commercial banks are generally open for business in the city of the specified office of the Conversion Agent) accompanied by a duly completed and signed notice of conversion (a “**Conversion Notice**”) in the form (for the time being current and being substantially in the form scheduled to the Agency Agreement) obtainable from any Conversion Agent, together with (i) the relevant Certificate; and (ii) certification by the Bondholder, in the form obtainable from any Conversion Agent, as may be required under the laws of the PRC, Hong Kong or any jurisdiction in which the specified office of such Conversion Agent is located. Conversion Rights shall be exercised subject in each case to any applicable fiscal or other laws or regulations applicable in the jurisdiction in which the specified office of the Conversion Agent to whom the relevant Conversion Notice is delivered is located.

If such delivery is made after 3.00 p.m. on any business day or on a day which is not a business day, in each case in the place of the specified office of the Conversion Agent, such delivery shall be deemed for all purposes of these Conditions to have been made on the next business day following such day. If such delivery is made during a Restricted Conversion Period, such delivery shall be deemed for all purposes of these Conditions to have been made on the H Share Stock Exchange Business Day following (in the place of the specified office of the Conversion Agent) the last day of such Restricted Conversion Period unless such date shall fall outside the Conversion Period.

Any determination as to whether any Conversion Notice has been duly completed and properly delivered shall be made by the relevant Conversion Agent and shall, save in the case of manifest error, be conclusive and binding on the Issuer, the Guarantor, the Trustee, the Agents and the relevant Bondholder.

A Conversion Notice, once delivered, shall be irrevocable and may not be withdrawn without the Issuer’s consent.

The conversion date in respect of a Bond (the “**Conversion Date**”) shall be deemed to be the H Share Stock Exchange Business Day immediately following the date of the surrender of the Certificate in respect of such Bond and delivery of such Conversion Notice and, if applicable, any such certificate and/or any payment to be made or indemnity given under these Conditions in connection with the exercise of such Conversion Right.

5.2.2 *Stamp Duty etc.*: A Bondholder delivering a Certificate in respect of a Bond for conversion must pay directly to the relevant authorities or party any taxes and duties, including capital, stamp, issue, excise, transfer, registration and other similar taxes and duties and transfer costs (“**Duties**”) in any applicable jurisdiction arising on conversion (other than any Duties payable in the PRC or Hong Kong or, if relevant, in the place of the Alternative Stock Exchange in respect of the allotment and issue of H Shares and listing of the H Shares on the Hong Kong Stock Exchange or the Alternative Stock Exchange (as the case may be) on conversion, which shall be payable by the Issuer or the Guarantor, such Duties being the “**Issuer Duties**”) (such Duties and Issuer Duties are collectively known as “**Taxes**”). The Issuer (failing which, the Guarantor) will pay all other expenses arising from the issue of H Shares on conversion of the Bonds and all charges (together, the “**Conversion Expenses**”) of the Agents and the share transfer agent for the H Shares (the “**Share Transfer Agent**”). The Bondholder (and, if different, the person to whom the H Shares are to be issued) must declare in the relevant Conversion Notice that any amounts payable to the relevant tax authorities or party in settlement of Duties (other than the Issuer Duties) payable pursuant to this Condition 5.2.2 have been paid.

If the Issuer or the Guarantor shall fail to pay any Issuer Duties or Conversion Expenses, the relevant holder shall be entitled to tender and pay the same and the Issuer and the Guarantor, as a separate and independent stipulation, jointly and severally covenant to reimburse and indemnify each Bondholder in respect of any payment thereof and any penalties payable in respect thereof.

Such Bondholder must also pay all, if any, Duties (other than Issuer Duties) imposed on it and arising by reference to any disposal or deemed disposal of a Bond or interest therein in connection with the exercise of Conversion Rights by it.

Neither the Trustee nor the Agents shall be responsible for determining whether such Taxes or Conversion Expenses are payable or the amount thereof and none of them shall be responsible or liable for any failure by the Issuer, the Guarantor or any Bondholder to pay any such amount.

5.2.3 *Registration*:

- (i) As soon as practicable, and in any event not later than seven H Share Stock Exchange Business Days (excluding any H Share Stock Exchange Business Days that fall within a Restricted Conversion Period) after the Conversion Date, the Guarantor will, in the case of Bonds converted on exercise of the Conversion Right and in respect of which a duly completed Conversion Notice has been delivered and the relevant Certificate and certification and amounts payable by the relevant Bondholder deposited or paid as required by Conditions 5.2.1 and 5.2.2, register the person or persons designated for the purpose in the Conversion Notice as holder(s) of the relevant number of H Shares in the Guarantor’s H share register and will, if the Bondholder has also requested in the Conversion Notice and to the extent permitted under applicable law and the rules and procedures of the Central Clearing and Settlement System of Hong Kong (“**CCASS**”), take all action reasonably necessary to enable the H Shares to be delivered through CCASS for so long as the H Shares are listed on the Hong Kong Stock Exchange; or will make such certificate or certificates available for collection at

the office of the Guarantor's share registrar in Hong Kong (currently 17/F, Far East Finance Centre, 16 Harcourt Road, Hong Kong) notified to Bondholders in accordance with Condition 16 or, if so requested in the relevant Conversion Notice, cause its share registrar to mail (at the risk, and, if sent at the request of such person otherwise than by ordinary mail, at the expense, of the person to whom such certificate or certificates are sent) such certificate or certificates to the person and at the place specified in the Conversion Notice, together (in either case) with any other securities, property or cash required to be delivered upon conversion and such assignments and other documents (if any) as may be required by law to effect the transfer thereof.

- (ii) The delivery of the H Shares to the converting Bondholder (or such person or persons designated in the relevant Conversion Notice) in the manner contemplated in Condition 5.2.3(i) will be deemed to satisfy the Issuer's obligation to pay any amounts under such converted Bonds. The person or persons designated in the Conversion Notice will become the holder of record of the number of H Shares issuable upon conversion with effect from the date he is or they are registered as such in the Guarantor's register of members for H shares (the "**Registration Date**"). The H Shares issued upon exercise of the Conversion Rights will be fully paid up and will in all respects rank *pari passu* with, and within the same class as, the H Shares in issue on the relevant Registration Date except for any right excluded by mandatory provisions of applicable law. Save as set out in these Conditions, a holder of H Shares issued on exercise of the Conversion Rights shall not be entitled to any rights, distributions or other payments the record date or due date for the establishment of entitlement for which precedes the relevant Registration Date.
- (iii) If (a) the Registration Date in relation to any Bond shall be on or after the record date for any issue, distribution, grant, offer or other event that gives rise to the adjustment of the Conversion Price pursuant to Condition 5.3 and/or Condition 5.6 (as applicable), and (b) the Conversion Date in relation to such exercise of the Conversion Right shall be before the date on which such adjustment to the Conversion Price becomes effective under the relevant Condition (any such adjustment, a "**Retroactive Adjustment**"), upon the relevant adjustment to the Conversion Price becoming effective under the relevant Condition, the Guarantor shall procure the issue to the converting Bondholder (in accordance with the instructions contained in the Conversion Notice (subject to any applicable laws or regulations)), such additional number of H Shares ("**Additional H Shares**") as, together with the H Shares issued or to be issued on conversion of the relevant Bond, is equal to the number of H Shares which would have been required to be issued on conversion of such Bond if the relevant adjustment to the Conversion Price under the relevant Condition had been made and become effective on or immediately prior to the relevant Conversion Date and in such event and in respect of such Additional H Shares, references in this Condition 5.2.3(iii) to the Conversion Date shall be deemed to refer to the date upon which the Retroactive Adjustment becomes effective (notwithstanding that the date upon which it becomes effective falls after the end of the Conversion Period).

5.3 Adjustments to Conversion Price

Upon the occurrence of any of the following events described below, the Conversion Price will be adjusted as follows:

5.3.1 Consolidation, Subdivision or Re-classification: If and whenever there shall be an alteration to the nominal value of the H Shares as a result of consolidation, subdivision or re-classification, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such alteration by the following fraction:

$$\frac{A}{B}$$

Where:

A is the nominal amount of one H Share immediately after such alteration; and

B is the nominal amount of one H Share immediately before such alteration.

Such adjustment shall become effective on the date the alteration takes effect.

5.3.2 Capitalisation of Profits or Reserves:

(i) If and whenever the Guarantor shall issue Ordinary Shares of any class credited as fully paid to the holders of such Ordinary Shares (“**Ordinary Shareholders**”) by way of capitalisation of profits or reserves, including Ordinary Shares of such class paid up out of distributable profits or reserves and/or share premium account (except any Scrip Dividend) and which would not have constituted a Capital Distribution, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue by the following fraction:

$$\frac{A}{B}$$

Where:

A is the aggregate nominal amount of the issued Ordinary Shares immediately before such issue; and

B is the aggregate nominal amount of the issued Ordinary Shares immediately after such issue.

Such adjustment shall become effective on the date of issue of such Ordinary Shares or if a record date is fixed therefor, immediately after such record date; provided that if there are different effective dates for different classes of Ordinary Shares, the effective date of the H Shares shall prevail.

- (ii) In the case of an issue of Ordinary Shares of any class by way of a Scrip Dividend where the aggregate value of such Ordinary Shares by way of a Scrip Dividend as determined by reference to the Current Market Price on the date of announcement of the terms of such Scrip Dividend multiplied by the number of such Ordinary Shares issued exceeds 105 per cent. of the amount of the Relevant Cash Dividend or the relevant part thereof and which would not have constituted a Capital Distribution, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before the issue of such Scrip Dividend by the following fraction:

$$\frac{A + B}{A + C}$$

Where:

- A is the aggregate nominal amount of the issued Ordinary Shares of all classes immediately before such issue;
- B is the aggregate nominal amount of such Scrip Dividend multiplied by a fraction of which (i) the numerator is the amount of the whole, or the relevant part, of the Relevant Cash Dividend and (ii) the denominator is such aggregate Current Market Price of the Scrip Dividend issued in lieu of the whole, or the relevant part, of the Relevant Cash Dividend; and
- C is the aggregate nominal amount of such Scrip Dividend,

or by making such other adjustment as an Independent Financial Advisor shall certify to the Trustee is fair and reasonable.

Such adjustment shall become effective on the date of issue of such Ordinary Shares or if a record date is fixed therefor, immediately after such record date; provided that if there are different effective dates for different classes of Ordinary Shares, the effective date of H Shares shall prevail.

5.3.3 Capital Distributions: If and whenever the Guarantor shall pay or make any Capital Distribution to the Ordinary Shareholders (except to the extent that the Conversion Price falls to be adjusted under Condition 5.3.2 above), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such Capital Distribution by the following fraction:

$$\frac{A - B}{A}$$

Where:

- A is the aggregate number of Ordinary Shares of all classes in issue multiplied by their respective Current Market Price per Ordinary Share of such class on the date on which the Capital Distribution is first publicly announced; and
- B is the Fair Market Value of the aggregate Capital Distribution.

Such adjustment shall become effective on the date that such Capital Distribution is actually made or, if a record date is fixed therefor, immediately after such record date, provided that if there are different effective dates for different classes of Ordinary Shares, the effective date of the H Shares shall prevail. For the purpose of the above, Fair Market Value shall (subject as provided in the definition of “**Fair Market Value**” (as defined in Condition 5.8)) be determined as at the date on which the Capital Distribution is first publicly announced or, if later, the first date on which the Fair Market Value of the relevant Capital Distribution is capable of being determined as provided herein.

In making any calculation pursuant to this Condition 5.3.3, such adjustments (if any) shall be made as an Independent Financial Advisor may consider appropriate to reflect (i) any consolidation or subdivision of the Ordinary Shares, (ii) issues of Ordinary Shares by way of capitalisation of profits or reserves, or any like or similar event, (iii) the modification of any rights to dividends of Ordinary Shares or (iv) any change in the fiscal year of the Guarantor.

5.3.4 Rights Issues of Shares or Options over Shares: If and whenever the Guarantor shall issue Ordinary Shares of one or more classes to all or substantially all Ordinary Shareholders of such classes by way of rights, or issue or grant to all or substantially all Ordinary Shareholders of such classes by way of rights, options, warrants or other rights to subscribe for, purchase or otherwise acquire any Ordinary Shares of such classes, in each case at a consideration less than 95 per cent. of the Current Market Price per H Share on the date of the first public announcement of the terms of the issues or grants, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issues or grants by the following fraction:

$$\frac{A + B_1 + B_2}{A + C_1 + C_2}$$

Where:

- A is the aggregate number of Ordinary Shares of all classes in issue immediately before such announcement;
- B₁ is the number of Ordinary Shares of one class which the aggregate consideration (if any) receivable for the Ordinary Shares of such class issued by way of rights or for the options or warrants or other rights issued or granted by way of rights and for the total number of Ordinary Shares of such class comprised therein would subscribe for, purchase or otherwise acquire at such Current Market Price per Ordinary Share of the class;

B₂ where applicable, is the number of Ordinary Shares of a second class which the aggregate consideration (if any) receivable for the Ordinary Shares of such class issued by way of rights or for the options or warrants or other rights issued or granted by way of rights and for the total number of Ordinary Shares of such class comprised therein would subscribe for, purchase or otherwise acquire at such Current Market Price per Ordinary Share of the class;

C₁ is the aggregate number of Ordinary Shares of one class issued or, as the case may be, comprised in the issue or grant; and

C₂ where applicable, is the aggregate number of Ordinary Shares of a second class issued or, as the case may be, comprised in the issue or grant.

Such adjustment shall become effective on the date of issue of such Ordinary Shares or issue or grant of such options, warrants or other rights (as the case may be) or where a record date is set, the first date on which the Ordinary Shares are traded ex-rights, ex-options or ex-warrants, as the case may be; provided that if there are different effective dates for different classes of Ordinary Shares, the effective date of H Shares shall prevail.

5.3.5 Rights Issues of Other Securities: In respect of each class of Ordinary Shares, if and whenever the Guarantor shall issue any securities (other than Ordinary Shares or options, warrants or other rights to subscribe for, purchase or otherwise acquire Ordinary Shares) to all or substantially all Ordinary Shareholders of such class by way of rights, or issue or grant to all or substantially all Ordinary Shareholders of such class by way of rights, options, warrants or other rights to subscribe for, purchase or otherwise acquire any securities (other than Ordinary Shares or options, warrants or other rights to subscribe for, purchase or otherwise acquire Ordinary Shares), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue or grant by the following fraction:

$$\frac{A - B}{A}$$

Where:

A is the aggregate Ordinary Shares of all classes in issue multiplied by their respective Current Market Price per Ordinary Share on the date on which the terms of such issue or grant are publicly announced; and

B is the Fair Market Value of the aggregate securities, rights, options or warrants (as the case may be) attributable to the Ordinary Shares.

Such adjustment shall become effective on the date of issue of the securities or the issue or grant of such rights, options or warrants (as the case may be) or where a record date is set, the first date on which the Ordinary Shares are traded ex-rights, ex-options or ex-warrants, as the case may be, provided that if there are different effective dates for different classes of Ordinary Shares, the effective date of the H Shares shall prevail. For the purpose of the

above, Fair Market Value shall (subject as provided in the definition of “**Fair Market Value**” (as defined in Condition 5.8)) be determined as at the date on which the terms of such issue or grant is first publicly announced, or if later, the first date on which the Fair Market Value of the aggregate rights attributable to the Ordinary Shares in relation to such issue or grant is capable of being determined as provided herein.

5.3.6 Issues at Less than Current Market Price: If and whenever the Guarantor shall issue (otherwise than as mentioned in Condition 5.3.4 above) any Ordinary Shares (other than H Shares issued on the exercise of Conversion Rights or on the exercise of any other rights of conversion into, or exchange or subscription for, Ordinary Shares) or issue or grant (otherwise than as mentioned in Condition 5.3.4 above) options, warrants or other rights to subscribe for, purchase or otherwise acquire Ordinary Shares of one or more classes, in each case at a consideration which is less than 95 per cent. of the Current Market Price per H Share on the date of announcement of the terms of such issues, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issues by the following fraction:

$$\frac{A + B_1 + B_2}{A + C_1 + C_2}$$

Where:

- A is the aggregate number of Ordinary Shares of all classes in issue immediately before the issue of such additional Ordinary Shares of such class or the grant of such options, warrants or other rights to subscribe for, purchase or otherwise acquire any Ordinary Shares of such class;
- B₁ is the number of Ordinary Shares of one class which the aggregate consideration (if any) receivable for the issue of such additional Ordinary Shares of such class would purchase at the Current Market Price per Ordinary Share of such class;
- B₂ where applicable, is the number of Ordinary Shares of a second class which the aggregate consideration (if any) receivable for the issue of such additional Ordinary Shares of such class would purchase at the Current Market Price per Ordinary Share of such class;
- C₁ is the aggregate number of Ordinary Shares of one class issued, or as the case may be, the maximum number of Ordinary Shares of such class to be issued on the exercise of such options, warrants or other rights at the initial exercise price or rate; and
- C₂ where applicable, is the aggregate number of Ordinary Shares of a second class issued, or as the case may be, the maximum number of Ordinary Shares of such class to be issued on the exercise of such options, warrants or other rights at the initial exercise price or rate.

References to additional Ordinary Shares in the above formula shall, in the case of an issue by the Guarantor of options, warrants or other rights to subscribe or purchase Ordinary Shares, mean such Ordinary Shares to be issued assuming that such options, warrants or other rights are exercised in full at the initial exercise price or rate on the date of issue or grant of such options, warrants or other rights.

Such adjustment shall become effective on the date of issue of such additional Ordinary Shares or, as the case may be, the issue or grant of such options, warrants or other rights; provided that if there are different effective dates for different classes of Ordinary Shares, the effective date of the H Shares shall prevail.

5.3.7 Other Issues at less than Current Market Price: Save in the case of an issue of securities arising from a conversion or exchange of other securities in accordance with the terms applicable to such securities themselves falling within this Condition 5.3.7, if and whenever the Guarantor or any of its Subsidiaries (otherwise than as mentioned in Condition 5.3.4, Condition 5.3.5 or Condition 5.3.6), or (at the direction or request of or pursuant to any arrangements with the Guarantor or any of its Subsidiaries) any other company, person or entity shall issue any securities (other than the Bonds, which shall be deemed to exclude any further bonds issued pursuant to Condition 15) which by their terms of issues carry rights of conversion into, or exchange or subscription for, Ordinary Shares of one or more classes to be issued by the Guarantor upon conversion, exchange or subscription, in each case at a consideration which is less than 95 per cent. of the Current Market Price per H Share on the date of announcement of the terms of issues of such securities, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issues by the following fraction:

$$\frac{A + B_1 + B_2}{A + C_1 + C_2}$$

Where:

- A is the aggregate number of Ordinary Shares of all classes in issue immediately before such issue;
- B₁ is the number of Ordinary Shares of one class which the aggregate consideration receivable by the Guarantor for the Ordinary Shares of such class to be issued on conversion or exchange or on exercise of the right of subscription attached to such securities would purchase at such Current Market Price per Ordinary Share of such class;
- B₂ where applicable, is the number of Ordinary Shares of a second class which the aggregate consideration receivable by the Guarantor for the Ordinary Shares of such class to be issued on conversion or exchange or on exercise of the right of subscription attached to such securities would purchase at such Current Market Price per Ordinary Share of such class;

C₁ is the maximum number of Ordinary Shares of one class to be issued on conversion or exchange of such securities or on the exercise of such rights of subscription attached thereto at the initial conversion, exchange or subscription price or rate; and

C₂ where applicable, is the maximum number of Ordinary Shares of a second class to be issued on conversion or exchange of such securities or on the exercise of such rights of subscription attached thereto at the initial conversion, exchange or subscription price or rate.

Such adjustment shall become effective on the date of issue of such securities.

5.3.8 Modification of Rights of Conversion etc.: If and whenever there shall be any modification of the rights of conversion, exchange, subscription, purchase or acquisition attaching to any such securities as are mentioned in Condition 5.3.7 (other than in accordance with the terms of such securities) so that the consideration per Ordinary Share of one or more classes (for the number of Ordinary Shares of such classes available on conversion, exchange, subscription, purchase or acquisition following the modification) is reduced and, in each case, is less than 95 per cent. of the Current Market Price per H Share on the date of announcement of the proposals for such modifications, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such modifications by the following fraction:

$$\frac{A + B_1 + B_2}{A + C_1 + C_2}$$

Where:

A is the aggregate number of Ordinary Shares of all classes in issue immediately before such modification;

B₁ is the number of Ordinary Shares of one class which the aggregate consideration receivable by the Guarantor for the Ordinary Shares of such class to be issued on conversion or exchange or on exercise of the right of subscription, purchase or acquisition attached to the securities so modified would purchase at the Current Market Price per Ordinary Share of such class or, if lower, the existing conversion, exchange subscription, purchase or acquisition price of such securities;

B₂ where applicable, is the number of Ordinary Shares of a second class which the aggregate consideration receivable by the Guarantor for the Ordinary Shares of such class to be issued on conversion or exchange or on exercise of the right of subscription, purchase or acquisition attached to the securities so modified would purchase at the Current Market Price per Ordinary Share of such class or, if lower, the existing conversion, exchange subscription, purchase or acquisition price of such securities;

C₁ is the maximum number of Ordinary Shares of one class to be issued on conversion or exchange of such securities or on the exercise of such rights of subscription, purchase or acquisition attached thereto at the modified conversion, exchange, subscription, purchase or acquisition price or rate but giving credit in such manner as an Independent Financial Advisor considers appropriate (if at all) for any previous adjustment under this Condition 5.3.8 or Condition 5.3.7; and

C₂ where applicable, is the maximum number of Ordinary Shares of a second class to be issued on conversion or exchange of such securities or on the exercise of such rights of subscription, purchase or acquisition attached thereto at the modified conversion, exchange, subscription, purchase or acquisition price or rate but giving credit in such manner as an Independent Financial Advisor considers appropriate (if at all) for any previous adjustment under this Condition 5.3.8 or Condition 5.3.7.

Such adjustment shall become effective on the date of modification of the rights of conversion, exchange, subscription, purchase or acquisition attaching to such securities.

5.3.9 Other Offers to Ordinary Shareholders: In respect of each class of Ordinary Shares, if and whenever the Guarantor or any of its Subsidiaries or (at the direction or request of or pursuant to any arrangements with the Guarantor or any of its Subsidiaries) any other company, person or entity issues, sells or distributes any securities in connection with an offer pursuant to which the Ordinary Shareholders of such class generally are entitled to participate in arrangements whereby such securities may be acquired by them (except where the Conversion Price falls to be adjusted under Condition 5.3.4, Condition 5.3.5, Condition 5.3.6 or Condition 5.3.7), the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue by the following fraction:

$$\frac{A - B}{A}$$

Where:

A is the aggregate Ordinary Shares in issue multiplied by their respective Current Market Price per Ordinary Share on the date on which the terms of such issue, sale or distribution of securities are first publicly announced; and

B is the Fair Market Value of the portion of the aggregate rights attributable to the Ordinary Shares.

Such adjustment shall become effective on the date of issue, sale or distribution of the securities or, if a record date is fixed therefor, immediately after such record date or if later, the first date upon which the Fair Market Value of the relevant securities is capable of being determined as provided herein, provided that if there are different effective dates for different classes of Ordinary Shares, the effective date of the H Shares shall prevail. For the purpose of the above, Fair Market Value shall (subject as provided in the definition of “**Fair Market Value**” (as defined in Condition 5.8)) be determined as at the date on which the

terms of such issue, sale or distribution of securities are first publicly announced or, if later, the first date on which the Fair Market Value of the portion of the aggregate rights attributable to the Ordinary Shares is capable of being determined as provided herein.

5.3.10 **Other Events:** If the Guarantor determines, in its sole discretion, that an adjustment should be made to the Conversion Price as a result of one or more events or circumstances not referred to in this Condition 5.3, the Issuer or the Guarantor shall, at its own expense, consult an Independent Financial Advisor to determine as soon as practicable what adjustment (if any) to the Conversion Price is fair and reasonable to take account thereof, if the adjustment would result in a reduction in the Conversion Price, and the date on which such adjustment should take effect and upon such determination by the Independent Financial Advisor such adjustment (if any) shall be made and shall take effect in accordance with such determination.

5.3.11 **Further Classes of Ordinary Shares:** In the event that the Guarantor has more than two classes of Ordinary Shares outstanding at any time, the formulae set out in this Condition 5.3 shall be restated to take into account such further classes of Ordinary Shares so that “ $B_1 + B_2$ ” and “ $C_1 + C_2$ ” shall become “ $B_1 + B_2 + B_3$ ” and “ $C_1 + C_2 + C_3$ ” and “ B_3 ” and “ C_3 ” shall have the same meaning as “ B_1 ” and “ C_1 ”, respectively, but by reference to a third class of Ordinary Shares and so on,

provided that where the events or circumstances giving rise to any adjustment pursuant to this Condition 5.3 have already resulted or will result in an adjustment to the Conversion Price or where the events or circumstances giving rise to any adjustment arise by virtue of events or circumstances which have already given rise or will give rise to an adjustment to the Conversion Price, such modification (if any) shall be made to the operation of the provisions of this Condition 5.3 as may be advised by the Independent Financial Advisor to be in its opinion appropriate to give the intended result. Notwithstanding the foregoing, the per Ordinary Share value of any such adjustment shall not exceed the per Ordinary Share value of the dilution in the Ordinary Shareholders’ interest in the Guarantor’s equity caused by such events or circumstances.

5.4 Undertakings

5.4.1 The Guarantor has undertaken in the Trust Deed, *inter alia*, that so long as any Bond remains outstanding, save with the approval of an Extraordinary Resolution (as defined in the Trust Deed) of the Bondholders:

- (i) it will use its commercially reasonable endeavours (a) to maintain a listing for the H Shares on the Hong Kong Stock Exchange, (b) to obtain and maintain a listing for all the H Shares issued on the exercise of the Conversion Rights attaching to the Bonds on the Hong Kong Stock Exchange and (c) if the Guarantor is unable to obtain or maintain such listing, to obtain and maintain a listing for all the issued H Shares on such Alternative Stock Exchange as the Guarantor may from time to time determine, and will forthwith give notice to the Bondholders in accordance with Condition 16 of the listing or delisting of the H Shares (as a class) by any of such stock exchange;

- (iii) it will not make any reduction of its registered share capital or any uncalled liability in respect thereof or of any share premium account or capital redemption reserve fund (except, in each case, as permitted by law (including but not limited to repurchase or cancellation of its shares (a) pursuant to any share incentive or share option schemes of the Guarantor; (b) as a result of its shareholders' dissent to the Guarantor's merger or segregation in a shareholders' meeting and request the Guarantor to repurchase its shares; (c) for the protection of the interests of the Guarantor's shareholders; and (d) as permitted by laws and regulations and the Guarantor's articles of association) provided that the reduction results in an adjustment to the Conversion Price then in effect); and
- (iv) it will use all commercially reasonable endeavours to maintain the listing of the Bonds on the Hong Kong Stock Exchange.

5.4.2 In the Trust Deed, the Guarantor has undertaken with the Trustee, *inter alia*, that so long as any Bond remains outstanding, save with the approval of an Extraordinary Resolution of the Bondholders:

- (i) it will issue H Shares to Bondholders on exercise of Conversion Rights and ensure that at all times it has the ability to issue free from pre-emptive or other similar rights such number of H Shares as would enable the Conversion Rights and all other rights of subscription and exchange for and conversion into H Shares to be satisfied in full and will ensure that all H Shares delivered upon conversion of the Bonds will be duly and validly issued as fully-paid and not subject to call for further funds; and
- (ii) it will not make any offer, issue or distribution or take any action the effect of which would be to reduce the Conversion Price below the par value of the H Shares of the Guarantor provided always that the Guarantor shall not be prohibited from purchasing its H Shares to the extent permitted by law.

5.4.3 The Issuer and the Guarantor have also given certain other undertakings in the Trust Deed for the protection of the Conversion Rights.

5.5 Notice of Change in Conversion Price

The Issuer (failing which, the Guarantor) shall give notice to the Hong Kong Stock Exchange, to the Trustee and each Conversion Agent in writing and to the Bondholders in accordance with Condition 16 of any change in the Conversion Price. Any such notice relating to a change in the Conversion Price shall set forth the event giving rise to the adjustment, the Conversion Price prior to such adjustment, the adjusted Conversion Price and the effective date of such adjustment.

5.6 Adjustment upon Change of Control

If a Change of Control (as defined in Condition 7.5.5(iii)) shall have occurred, the Issuer shall give notice of that fact to the Bondholders (the “**Change of Control Notice**”) in accordance with Condition 16 and to the Trustee and the Agents in writing within seven days after it becomes aware of such Change of Control. Following the giving of a Change of Control Notice, upon any exercise of Conversion Rights such that the relevant Conversion Date falls within the period of 30 days following the later of (i) the relevant Change of Control and (ii) the date on which the Change of Control Notice is given to Bondholders (such period, the “**Change of Control Conversion Period**”), the Conversion Price shall be adjusted in accordance with the following formula:

$$\text{NCP} = \text{OCP} / (1 + (\text{CP} \times c/t))$$

Where:

NCP = the Conversion Price after such adjustment;

OCP = the Conversion Price before such adjustment. For the avoidance of doubt, OCP for the purposes of this Condition 5.6 shall be the Conversion Price applicable on the relevant Conversion Date in respect of any conversion pursuant to this Condition 5.6;

Conversion Premium (“CP”) = 20.8 per cent. expressed as a fraction;

c = the number of days from and including the first day of the Change of Control Conversion Period to but excluding the Maturity Date; and

t = the number of days from and including the Issue Date to but excluding the Maturity Date,

provided that the Conversion Price shall not be reduced pursuant to this Condition 5.6 below the level permitted by applicable laws and regulations from time to time (if any).

If the last day of a Change of Control Conversion Period shall fall during a Restricted Transfer Period or a Restricted Conversion Period, as the case may be, the Change of Control Conversion Period shall be extended such that its last day will be the fifteenth day following the last day of the Restricted Transfer Period or the Restricted Conversion Period, as the case may be.

On the business day immediately following the last day of the Change of Control Conversion Period, the Conversion Price shall be re-adjusted to the Conversion Price in force immediately before the adjustment to the Conversion Price during the Change of Control Conversion Period.

5.7 Provisions Relating to Changes in Conversion Price

5.7.1 *Minor Adjustments*: On any adjustment, the resultant Conversion Price, if not an integral multiple of one Hong Kong cent, shall be rounded down to the nearest Hong Kong cent. No adjustment shall be made to the Conversion Price if such adjustment (rounded down if applicable) would be less than one per cent. of the Conversion Price then in effect. Any adjustment not required to be made, and/or any amount by which the Conversion Price has been rounded down, shall be carried forward and taken into account in any subsequent

adjustment, and such subsequent adjustment shall be made on the basis that the adjustment not required to be made had been made at the relevant time and/or, as the case may be, that the relevant rounding down had not been made. Notice of any adjustment shall be given by the Issuer to the Bondholders in accordance with Condition 16 and to the Trustee and the Agents in writing, in each case promptly after the determination thereof.

5.7.2 Decision of an Independent Financial Advisor: If any doubt shall arise as to whether an adjustment falls to be made to the Conversion Price or as to how an adjustment to the Conversion Price under Condition 5.3 or Condition 5.6 should be made, and following consultation between the Issuer, the Guarantor and an Independent Financial Advisor, a written opinion of such Independent Financial Advisor in respect thereof shall be conclusive and binding on the Issuer, the Guarantor, the Bondholders and the Trustee, save in the case of manifest error. Notwithstanding the foregoing, the per H Share value of any such adjustment shall not exceed the per H Share value of the dilution in the shareholders' interest in the Guarantor's equity caused by such events or circumstances.

5.7.3 Minimum Conversion Price: Notwithstanding the provisions of this Condition 5, the Guarantor undertakes that: (i) the Conversion Price shall not in any event be reduced to below the nominal or par value of the H Shares as a result of any adjustment hereunder unless under applicable law then in effect the Bonds may be converted at such reduced Conversion Price into legally issued, fully paid and non-assessable H Shares; and (ii) it shall not take any action, and shall procure that no action is taken, that would otherwise result in an adjustment to the Conversion Price to below such nominal or par value or any minimum level permitted by applicable laws or regulations.

5.7.4 Reference to "fixed": Any references herein to the date on which a consideration is "fixed" shall, where the consideration is originally expressed by reference to a formula which cannot be expressed as an actual cash amount until a later date, be construed as a reference to the first day on which such actual cash amount can be ascertained.

5.7.5 Multiple Events: Where more than one event which gives or may give rise to an adjustment to the Conversion Price occurs within such a short period of time that, in the opinion of an Independent Financial Advisor, the foregoing provisions would need to be operated subject to some modification in order to give the intended result, such modification shall be made to the operation of the foregoing provisions as may be advised by such Independent Financial Advisor to be in its opinion appropriate in order to give such intended result.

5.7.6 Upward/Downward Adjustment: No adjustment involving an increase in the Conversion Price will be made, except in the case of a consolidation or re-classification of the H Shares as referred to in Condition 5.3.1. The Issuer or the Guarantor may at any time and for a specified period of time only, following notice being given to the Trustee in writing and to the Bondholders in accordance with Condition 16, reduce the Conversion Price, subject to Condition 5.7.3.

5.7.7 Trustee Not Obligated to Monitor or Make Calculations: Neither the Trustee nor any Agent shall be under any duty to monitor whether any event or circumstance has happened or exists which may require an adjustment to be made to the Conversion Price or to make any calculation or determination (or verification thereof) in connection with the Conversion Price

and/or any adjustments to it, or any determinations, advice or opinions made or given in connection therewith and none of them will be responsible or liable to Bondholders or any other person for any loss arising from any failure by it to do so or for any delay by the Issuer, the Guarantor or any Independent Financial Advisor in making any calculation or determination or any erroneous calculation or determination in connection with the Conversion Price.

5.7.8 Employee Share Option Schemes: No adjustment will be made to the Conversion Price when Ordinary Shares or other securities (including rights or options) are issued, offered, exercised, allotted, appropriated, modified or granted to, or for the benefit of, employees (including directors) of the Guarantor or any of its Subsidiaries pursuant to any employee share scheme or plan (and which employee share scheme or plan is in compliance with, if applicable, the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited or, if applicable, the Stock Listing Rules of the Shanghai Stock Exchange or, if relevant, the listing rules of the Alternative Stock Exchange (“**Share Scheme Options**”) unless any issue or grant of Share Scheme Options (which, but for this provision, would have required adjustment pursuant to Condition 5) would result in the total number of Ordinary Shares which may be issued upon exercise of all Share Scheme Options granted during the 12-month period up to and including the date of such issue or grant representing, in aggregate, more than 2 per cent. of the average of the issued and outstanding Ordinary Shares during such 12-month period. For the avoidance of doubt, any Ordinary Shares issued in excess thereof, and only such Ordinary Shares issued in excess thereof, shall be subject to adjustment to the Conversion Price and taken into account in determining such adjustment as set out in Condition 5.3.

5.7.9 Consideration Receivable: For the purpose of any calculation of the consideration receivable or price pursuant to Condition 5.3.4, Condition 5.3.6, Condition 5.3.7 and Condition 5.3.8, the following provisions shall apply:

- (i) the aggregate consideration receivable or price for Ordinary Shares of a class issued for cash shall be the amount of such cash;
- (ii) (a) the aggregate consideration receivable for Ordinary Shares of a class to be issued on the conversion, exercise or exchange of any options, warrants or other rights or securities (or following any modification thereof) shall be deemed to be the consideration received or receivable by the Guarantor for any such options, warrants or other rights or securities (or following any modification thereof); (b) the aggregate consideration receivable for Ordinary Shares of a class to be issued on the exercise of rights of subscription attached to any such securities (or following any modification thereof) shall be deemed to be that part (which may be the whole) of the consideration received or receivable by the Guarantor for such securities (or following any modification thereof) which is attributed by the Guarantor to such rights of subscription or, if no part of such consideration is so attributed, to the Fair Market Value of such rights of subscription as at the date of the announcement of the terms of issue or modification of such securities, plus in the case of each of (a) and (b) above, the additional minimum consideration (if any) to be received by the Guarantor on the conversion, exercise or exchange of such options, warrants or other rights or securities (or following any modification thereof), or on the exercise of such rights of

subscription; and (c) the consideration per Ordinary Share of a class receivable by the Guarantor on the conversion, exercise or exchange of, or on the exercise of such rights of subscription attached to, such options, warrants or other rights or securities (or following any modification thereof) shall be the aggregate consideration referred to in (a) or (b) above (as the case may be) divided by the number of Ordinary Shares of such class to be issued on such conversion or exchange or exercise at the initial conversion, exchange or subscription price or rate;

- (iii) if the consideration or price determined pursuant to (i) or (ii) above of this Condition 5.7.9 (or any component thereof) shall be expressed in a currency other than HK dollars, it shall be converted into HK dollars at the Prevailing Rate on the relevant date;
- (iv) in determining the consideration or price pursuant to the above, no deduction shall be made for any commissions or fees (howsoever described) or any expenses paid or incurred for any underwriting, placing or management of the issue of the relevant Ordinary Shares of a class or securities or options, warrants or rights, or otherwise in connection therewith;
- (v) the consideration or price shall be determined as provided above on the basis of the consideration or price received, receivable, paid or payable, regardless of whether all or part thereof is received, receivable, paid or payable by or to the Guarantor or another entity;
- (vi) if as part of the same transaction, Ordinary Shares of a class shall be issued or issuable for a consideration receivable in more than one or in different currencies then the consideration receivable per Share shall be determined by dividing the aggregate consideration (determined as aforesaid and converted if and to the extent not in HK dollars, into HK dollars as aforesaid) by the aggregate number of Ordinary Shares so issued; and
- (vii) neither the Trustee nor the Agents shall be under any duty to determine, calculate or verify any entitlement of any Bondholder to any amount payable upon or following the exercise of any Conversion Right and none of them will be responsible or liable to any Bondholder or any other person for any loss arising from any failure to do so.

The Issuer may not redeem the Bonds at its option prior to that date except as provided in Condition 7.2 or Condition 7.3 below (but without prejudice to Condition 9).

7.2 Redemption at the Option of the Issuer

7.2.1 The Issuer may, having given not less than 30 nor more than 60 days’ notice (an “**Optional Redemption Notice**”) to the Bondholders, the Trustee and the Principal Agent (which notice will be irrevocable), redeem all but not some only of the Bonds at their principal amount if at any time the aggregate principal amount of the Bonds outstanding is less than 10 per cent. of the aggregate principal amount originally issued (including any Bonds issued pursuant to Condition 15).

Upon the expiry of the Optional Redemption Notice, the Issuer will be bound to redeem the relevant Bonds at their principal amount.

7.2.2 Redemption under this Condition 7.2 may not occur within seven days of the end of a Restricted Transfer Period but otherwise may occur whenever the Conversion Right is expressed in these Conditions to be exercisable.

7.2.3 The Trustee and the Agents shall have no obligation to confirm whether the circumstances giving rise to a right for the Issuer to redeem under this Condition 7.2 have in any case arisen, and none of them shall be liable to the Bondholders or any other person for not doing so.

7.3 Redemption for Taxation Reasons

7.3.1 At any time the Issuer may, having given not less than 30 nor more than 60 days' notice to the Trustee, the Principal Agent and the Bondholders (which notice shall be irrevocable) redeem all but not some only of the Bonds at their principal amount (the "**Tax Redemption Date**"), if the Issuer satisfies the Trustee immediately prior to the giving of such notice that (i) the Issuer (or if the Guarantee was called, the Guarantor) has or will become obliged to pay Additional Tax Amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of the PRC or Hong Kong or, in each case, any political subdivision or any authority thereof or therein having power to tax, or any change in the general application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after 7 October 2024, and (ii) such obligation cannot be avoided by the Issuer (or, as the case may be, the Guarantor) taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer (or, as the case may be, the Guarantor) would be obliged to pay such Additional Tax Amounts were a payment in respect of the Bonds then due. Prior to the publication of any notice of redemption pursuant to this Condition 7.3.1, the Issuer shall deliver to the Trustee (a) a certificate signed by two directors of the Issuer (or, as the case may be, of the Guarantor), each of whom are also Authorised Signatories of the Issuer (or, as the case may be, of the Guarantor), stating that the obligation referred to in (i) above of this Condition 7.3.1 cannot be avoided by the Issuer (or, as the case may be, the Guarantor) having taken reasonable measures available to it and (b) an opinion of independent legal or tax advisors of recognised standing, in form and substance satisfactory to the Trustee, to the effect that such change or amendment has occurred (irrespective of whether such amendment or change is then effective) and the Issuer (or, as the case may be, the Guarantor) has or will become obliged to pay such Additional Tax Amounts as a result of such change or amendment, and the Trustee shall be entitled to accept such certificate and opinion as sufficient evidence thereof, in which event the same shall be conclusive and binding on the Bondholders.

7.3.2 On the Tax Redemption Date, the Issuer shall redeem the Bonds at their principal amount, provided that redemption under this Condition 7.3 may not occur within seven days of the end of a Restricted Transfer Period, but otherwise may occur whenever the Conversion Right is expressed in these Conditions to be exercisable.

7.3.3 If the Issuer gives a notice of redemption pursuant to this Condition 7.3, each Bondholder will have the right to elect that his Bond(s) shall not be redeemed and that the provisions of Condition 8 shall not apply in respect of any payment of principal or interest (if any) to be made in respect of such Bond(s) which falls due after the relevant Tax Redemption Date, whereupon no Additional Tax Amounts shall be payable in respect thereof pursuant to Condition 8 and payment of all amounts shall be made subject to the deduction or withholding of the taxation required to be withheld or deducted by the government of the PRC or Hong Kong or, in each case, any authority thereof or therein having power to tax. For the avoidance of doubt, any Additional Tax Amounts which had been payable in respect of the Bonds as a result of the laws or regulations of the government of the PRC or Hong Kong or, in each case, any authority thereof or therein having power to tax prior to 7 October 2024, will continue to be payable to such Bondholders. To exercise such right, the holder of the relevant Bond must complete, sign and deposit at the specified office of any Paying Agent during normal business hours (being between 9.00 a.m. and 3.00 p.m. from Monday to Friday (other than public holidays)) a duly completed and signed notice of election, substantially in the form scheduled to the Agency Agreement, obtainable from the specified office of any Paying Agent, together with the Certificate evidencing the Bonds on or before the day falling 10 days prior to the Tax Redemption Date. Such notice of election, once delivered, shall be irrevocable and may not be withdrawn without the Issuer's consent.

7.4 Redemption for Relevant Events

7.4.1 Following the occurrence of a Relevant Event (as defined in Condition 7.4.5(viii)), the holder of each Bond will have the right at such holder's option, to require the Issuer to redeem all or some only such holder's Bonds on the Relevant Event Put Date (as defined below) at their principal amount as at the Relevant Event Put Date. To exercise such right, the holder of the relevant Bond must complete, sign and deposit at the specified office of any Paying Agent during normal business hours (being between 9.00 a.m. and 3.00 p.m. from Monday to Friday (other than public holidays)) a duly completed and signed notice of redemption, substantially in the form scheduled to the Agency Agreement, obtainable from the specified office of any Paying Agent (a "**Relevant Event Put Exercise Notice**") together with the Certificate evidencing the Bonds to be redeemed by not later than 30 days following a Relevant Event, or, if later, 30 days following the date upon which notice thereof is given to Bondholders by the Issuer in accordance with Condition 16. The "**Relevant Event Put Date**" shall be the fourteenth day after the expiry of such period of 30 days as referred to above in this Condition 7.4.1.

7.4.2 A Relevant Event Put Exercise Notice, once delivered, shall be irrevocable and may not be withdrawn without the Issuer's consent. The Issuer shall redeem the Bonds which form the subject of the Relevant Event Put Exercise Notices delivered as aforesaid (subject to delivery of the relevant Certificates) on the Relevant Event Put Date.

7.4.3 None of the Trustee or the Agents shall be required to monitor or take any steps to ascertain whether a Relevant Event or any event which could lead to the occurrence of a Relevant Event has occurred or may occur and none of them shall be liable to Bondholders or any other person for not doing so.

7.4.4 Not later than seven days after becoming aware of a Relevant Event, the Issuer shall procure that notice regarding the Relevant Event shall be delivered to Bondholders (in accordance with Condition 16) and to the Trustee and the Principal Agent in writing stating:

- (i) the Relevant Event Put Date;
- (ii) the date of such Relevant Event and, briefly, the events causing such Relevant Event;
- (iii) the date by which the Relevant Event Put Exercise Notice must be given;
- (iv) the redemption amount and the method by which such amount will be paid;
- (v) the names and addresses of all Paying Agents;
- (vi) briefly, the Conversion Right and the then current Conversion Price;
- (vii) the procedures that Bondholders must follow and the requirements that Bondholders must satisfy in order to exercise their rights under this Condition 7.4 or their Conversion Right; and

- (b) other than Founding Individuals, any person or persons, acting together, acquires control of the Guarantor if such person or persons does not or do not have, and would not be deemed to have, control of the Guarantor on the Issue Date;
 - (c) the Guarantor consolidates with or merges into or sells or transfers all or substantially all of its assets to any other person, unless the consolidation, merger, sale or transfer will not result in the other person or persons acquiring control over the Guarantor or the successor entity; or

7.5 Purchases

The Issuer, the Guarantor or any of their respective Subsidiaries may, subject to applicable laws and regulations, at any time and from time to time purchase Bonds at any price in the open market or otherwise. The Bonds so acquired, while held by or on behalf of the Issuer, the Guarantor or any such Subsidiary, shall not entitle them to convert the Bonds in accordance with these Conditions nor shall

such Bonds be deemed to be outstanding for the purposes of, among other things, calculating quorums at meetings of the Bondholders and exercising any voting rights with respect to such Bonds and Condition 9 and Condition 13.

7.6 Cancellation

All Bonds which are repurchased, redeemed or converted or purchased by or on behalf of the Issuer, the Guarantor or any of their respective Subsidiaries will forthwith be cancelled. Certificates in respect of all Bonds cancelled will be forwarded to or to the order of the Registrar and such Bonds may not be reissued or resold.

7.7 Redemption Notices

All notices to Bondholders given by or on behalf of the Issuer pursuant to this Condition 7 will be irrevocable and will be given in accordance with Condition 16 specifying: (i) the Conversion Price as at the date of the relevant notice; (ii) the last day on which Conversion Rights may be exercised; (iii) the principal and/or premium (if any) payable; (iv) the date fixed for redemption; (v) the manner in which redemption will be effected; and (vi) the aggregate principal amount of the Bonds outstanding as at the latest practicable date prior to the publication of the notice.

If more than one notice of redemption is given (being a notice given by either the Issuer or a Bondholder pursuant to these Conditions), the first in time shall prevail.

Neither the Trustee nor any of the Agents shall be responsible for calculating or verifying the calculations of any amount payable on redemption of the Bonds pursuant to this Condition 7 or have any duty to verify the accuracy, content, completeness, validity and/or genuineness of any certificates, confirmations or documents in relation to or in connection to any such redemption or the exercise of any right of redemption or to require redemption, and none of them shall be liable to the Bondholders or any other person for not doing so.

8 TAXATION

8.1 All payments made by or on behalf of the Issuer (or, as the case may be, the Guarantor) in respect of the Bonds (or, in the case of the Guarantor, the Guarantee) will be made free from any set-off, counterclaim, restriction or condition and will be made without deduction or withholding for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the PRC or Hong Kong or, in each case, any authority thereof or therein having power to tax, unless deduction or withholding of such taxes, duties, assessments or governmental charges is compelled by law. Where such withholding or deduction is made by the Issuer or the Guarantor (as the case may be) by or within the PRC up to and including the aggregate rate applicable on 7 October 2024 (the “**Applicable Rate**”), the Issuer or the Guarantor (as the case may be) will increase the amounts paid by it to the extent required, so that the net amount received by Bondholders equals the amounts which would otherwise have been receivable by them had no such withholding or deduction been required. If the Issuer or the Guarantor (as the case may be) is required to make a deduction or withholding in respect of PRC tax in excess of the Applicable Rate, or any Hong Kong deduction or withholding is required, in such event the Issuer or the Guarantor (as the case may be) shall pay such additional amounts (“**Additional Tax Amounts**”) as will result in receipt

by the Bondholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no Additional Tax Amounts shall be payable in respect of any Bond or the Guarantee:

8.1.1 to a holder (or to a third party on behalf of a holder) who is subject to such taxes, duties, assessments or governmental charges in respect of such Bond by reason of his having some connection with the PRC or Hong Kong, as the case may be, otherwise than merely by holding the Bond or by the receipt of amounts in respect of the Bond or where the withholding or deduction could be avoided by the holder making a declaration of non-residence or other similar claim for exemption to the appropriate authority which such holder is legally capable and competent of making but fails to do so; or

8.1.2 (in the case of a payment of principal) if the Certificate in respect of such Bond is surrendered more than 30 days after the Relevant Date except to the extent that the holder would have been entitled to such additional amount on surrendering the relevant Certificate for payment on the last day of such period of 30 days.

8.2 “Relevant Date” means whichever is the later of (i) the date on which such payment first becomes due and (ii) if the full amount payable has not been received by the Trustee or the Principal Agent on or prior to such due date, the date on which, the full amount having been so received, notice to that effect shall have been given to the Bondholders and payment made.

8.3 References in these Conditions to principal, premium and interest (if any) shall be deemed also to refer to any additional amounts or premiums which may be payable under these Conditions or any undertaking or covenant given in addition thereto or in substitution therefor pursuant to the Trust Deed and the Deed of Guarantee.

8.4 Neither the Trustee nor any Agent shall be responsible for paying any tax, duty, charges, withholding or other payment referred to in this Condition 8 or for determining whether such amounts are payable or the amount thereof, and none of them shall be responsible or liable for any failure by the Issuer, the Guarantor, any Bondholder or any third party to pay such tax, duty, charges, withholding or other payment in any jurisdiction or to provide any notice or information to the Trustee or any Agent that would permit, enable or facilitate the payment of any principal, premium (if any), interest (if any) or other amount under or in respect of the Bonds or the Guarantee without deduction or withholding for or on account of any tax, duty, charge, withholding or other payment imposed by or in any jurisdiction.

9 EVENTS OF DEFAULT

The Trustee at its discretion may, and if so requested in writing by the holders of not less than 25 per cent. in aggregate principal amount of the Bonds then outstanding or if so directed by an Extraordinary Resolution shall (subject in any such case to being indemnified and/or secured and/or pre-funded to its satisfaction), give notice to the Issuer and the Guarantor that the Bonds are, and they shall accordingly thereby become, immediately due and repayable at their principal amount (subject as provided below and without prejudice to the right of Bondholders to exercise the Conversion Right in respect of their Bonds in accordance with Condition 5) if any of the following events (each an “**Event of Default**”) has occurred:

- 9.1** the Issuer or the Guarantor fails to pay the principal and premium (if any) on any of the Bonds; or
- 9.2** failure by the Guarantor to deliver the H Shares following conversion of a Bond; or
- 9.3** the Issuer or the Guarantor (as the case may be) does not perform or comply with one or more of its other obligations in the Bonds, the Trust Deed or the Deed of Guarantee which default is in the opinion of the Trustee incapable of remedy or, if capable of remedy in the opinion of the Trustee, is not remedied within 30 days after written notice of such default shall have been given to the Issuer by the Trustee; or
- 9.4** the Issuer or the Guarantor or any Principal Subsidiary is (or is, or could be, deemed by law or a court to be) insolvent or bankrupt or unable to pay its debts, stops, suspends or threatens to stop or suspend payment of all or a substantial part of (or of a particular type of) its debts, proposes or makes any agreement for the deferral, rescheduling or other readjustment of all or a substantial part of (or of a particular type of) its debts, proposes or makes a general assignment or an arrangement or composition with or for the benefit of the relevant creditors in respect of any of such debts or a moratorium is agreed or declared in respect of or affecting all or any part of (or of a particular type of) the debts of the Issuer, the Guarantor or any Principal Subsidiary; or
- 9.5** (i) any other present or future indebtedness of the Issuer, the Guarantor or any of their respective Subsidiaries for or in respect of moneys borrowed or raised becomes (or becomes capable of being declared) due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described), or (ii) any such indebtedness is not paid when due or, as the case may be, within any applicable grace period, or (iii) the Issuer, the Guarantor or any of their respective Subsidiaries fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any present or future indebtedness in respect of moneys borrowed or raised, provided that the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned above in this Condition 9.5 have occurred equals or exceeds U.S.\$50 million or its equivalent (as determined on the basis of the middle spot rate for the relevant currency against the U.S. dollar as quoted by any leading bank on the day on which such indebtedness become due and payable or is not paid or any such amount become due and payable or is not paid under any such guarantee or indemnity); or
- 9.6** a distress, attachment, execution or other legal process is levied, enforced or sued out on or against any material part of the property, assets or revenues of the Issuer, the Guarantor or any of the Principal Subsidiaries and is not discharged or stayed within 30 days; or
- 9.7** an order is made or an effective resolution passed for the winding-up or dissolution, judicial management or administration of the Issuer or the Guarantor or any Principal Subsidiary, or the Issuer or the Guarantor or any Principal Subsidiary ceases or threatens to cease to carry on all or substantially all of its business or operations, except for the purpose of and followed by a reconstruction, amalgamation, reorganisation, merger or consolidation (i) on terms approved by an Extraordinary Resolution of the Bondholders, or (ii) in the case of a Principal Subsidiary, whereby the undertaking and assets of such Principal Subsidiary are transferred to or otherwise vested in the Issuer or the Guarantor (as the case may be) or another Principal Subsidiary; or

- 9.8** any mortgage, charge, pledge, lien or other encumbrance, present or future, created or assumed by the Issuer or the Guarantor or any of their respective Subsidiaries over a material part of their respective property, assets or revenues becomes enforceable and any step is taken to enforce it (including the taking of possession or the appointment of a receiver, manager or other similar person) and is not discharged within 30 days; or
- 9.9** it is or will become unlawful for the Issuer or the Guarantor to perform or comply with any one or more of its obligations under any of the Bonds, the Deed of Guarantee or the Trust Deed; or
- 9.10** any action, condition or thing (including the obtaining or effecting of any necessary consent, approval, authorisation, exemption, filing, licence, order, recording or registration) at any time required to be taken, fulfilled or done by the Issuer or the Guarantor (as the case may be) in order (i) to enable the Issuer and the Guarantor lawfully to enter into, exercise their respective rights and perform and comply with their respective obligations under and in respect of the Bonds, the Deed of Guarantee or the Trust Deed, (ii) to ensure that those obligations are legally binding and enforceable and (iii) to make the Bonds, the Deed of Guarantee and the Trust Deed admissible in evidence in the courts of the PRC or Hong Kong is not taken, fulfilled or done; or
- 9.11** any step is taken by any person with a view to the seizure, compulsory acquisition, expropriation or nationalisation of all or a substantial part of the assets of the Issuer, the Guarantor or any Principal Subsidiary; or
- 9.12** the Guarantee of the Bonds is not (or is claimed by the Guarantor not to be) in full force and effect; or
- 9.13** any event occurs which under the laws of any relevant jurisdiction has an analogous effect to any of the events referred to in any of Condition 9.4, Conditions 9.6 to 9.8 (both inclusive) or Condition 9.11.

The Trustee and the Agents shall not be bound to take any steps to ascertain whether any Event of Default or any condition, event or act which with the giving of notice and/or the lapse of time and/or fulfilment of any other conditions and/or the making of any determination would constitute an Event of Default has happened and none of them shall be responsible or liable to Bondholders or any other person for not doing so.

- 9.14** For purposes of this Condition 9, “**Principal Subsidiary**” means any Subsidiary of the Guarantor:
- (i) whose total revenue (consolidated in the case of a Subsidiary which itself has Subsidiaries) as shown by its latest audited income statement is at least 10 percent of the consolidated total revenue as shown by the latest published audited income statement of the Guarantor and its consolidated Subsidiaries; or
 - (ii) whose gross profits (consolidated in the case of a Subsidiary which itself has Subsidiaries) as shown by its latest audited income statement is at least 10 percent of the consolidated gross profit as shown by the latest published audited consolidated income statement of the Guarantor and its consolidated Subsidiaries, including for the avoidance of doubt, the Guarantor and its consolidated Subsidiaries’ share of profits of Subsidiaries not consolidated and of jointly controlled entities and after adjustments for minority interests; or

- (iii) whose total assets (consolidated in the case of a Subsidiary which itself has Subsidiaries) as shown by its latest audited balance sheet are at least 10 percent of the consolidated total assets of the Guarantor and its Subsidiaries as shown by the latest published audited consolidated balance sheet of the Guarantor and its Subsidiaries, including the investment of the Guarantor and its consolidated Subsidiaries in each Subsidiary whose accounts are not consolidated with the consolidated audited accounts of the Guarantor and of associated companies and after adjustment for minority interests;

provided that, in relation to paragraphs (i), (ii) and (iii) above of this definition:

- (a) in the case of a corporation or other business entity becoming a Subsidiary after the end of the financial period to which the latest consolidated audited accounts of the Guarantor relate, the reference to the then latest consolidated audited accounts of the Guarantor and its Subsidiaries for the purposes of the calculation above shall, until consolidated audited accounts of the Guarantor for the financial period in which the relevant corporation or other business entity becomes a Subsidiary are published, be deemed to be a reference to the then latest consolidated audited accounts of the Guarantor and its Subsidiaries adjusted to consolidate the latest audited accounts (consolidated in the case of a Subsidiary which itself has Subsidiaries) of such Subsidiary in such accounts;
 - (b) if at any relevant time in relation to the Guarantor or any Subsidiary which itself has Subsidiaries, no consolidated accounts are prepared and audited, total revenue, gross profit or total assets of the Guarantor and/or any such Subsidiary shall be determined on the basis of pro forma consolidated accounts prepared for this purpose by or on behalf of the Guarantor;
 - (c) if at any relevant time in relation to any Subsidiary, no accounts are audited, its total assets (consolidated, if appropriate) shall be determined on the basis of pro forma accounts (consolidated, if appropriate) of the relevant Subsidiary prepared for this purpose by or on behalf of the Guarantor; and
 - (d) if the accounts of any Subsidiary (not being a Subsidiary referred to in proviso (i) above) are not consolidated with those of the Guarantor, then the determination of whether or not such Subsidiary is a Principal Subsidiary shall be based on a pro forma consolidation of its accounts (consolidated, if appropriate) with the consolidated accounts (determined on the basis of the foregoing) of the Guarantor; or
- (iv) to which is transferred the whole or substantially the whole of the assets of a Subsidiary which immediately prior to such transfer was a Principal Subsidiary, whereupon the Principal Subsidiary which so transfers its assets shall forthwith upon such transfer cease to be a Principal Subsidiary and the Subsidiary to which the assets are so transferred shall immediately become a Principal Subsidiary, provided that on or after the date on which the first published audited accounts (consolidated, if appropriate) of the Guarantor prepared as of a date later than such transfer are issued, whether or not such transferor Subsidiary or transferee Subsidiary would continue to be a Principal Subsidiary shall be determined on the basis of such accounts by virtue of the provisions of (i), (ii) or (iii) above.

A certificate in English signed by an Authorised Signatory on behalf of the Guarantor stating that, in the opinion of the Guarantor, a Subsidiary is or is not, or was or was not, a Principal Subsidiary shall, in the absence of manifest error, be conclusive and binding on all parties and the Bondholders, and the Trustee shall be entitled to rely conclusively upon such certificate without further investigation or query and without liability to the Bondholders or any other person.

10 PRESCRIPTION

Claims in respect of amounts due in respect of the Bonds will become prescribed unless made within 10 years (in the case of principal) and five years (in the case of default interest, if any) from the Relevant Date in respect thereof.

11 MEETINGS OF BONDHOLDERS, MODIFICATION AND WAIVER

11.1 Meetings

The Trust Deed contains provisions for convening meetings of Bondholders to consider any matter affecting their interests, including without limitation the sanctioning by Extraordinary Resolution of a modification of the Bonds or the provisions of the Trust Deed, the Agency Agreement and/or the Deed of Guarantee. Such a meeting may be convened by the Issuer, the Guarantor or the Trustee and shall be convened by the Trustee if requested in writing to do so by Bondholders holding not less than 10 per cent. in aggregate principal amount of the Bonds for the time being outstanding and if it is indemnified and/or secured and/or pre-funded to its satisfaction against all costs and expenses. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing over 50 per cent. in aggregate principal amount of the Bonds for the time being outstanding or, at any adjournment of such meeting, two or more persons being or representing Bondholders whatever the principal amount of the Bonds so held or represented unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to modify the due date for any payment in respect of the Bonds, (ii) to reduce or cancel the amount of principal in respect of the Bonds, (iii) to change the currency of payment of the Bonds, or (iv) to modify or cancel the Conversion Rights (except by unilateral and unconditional reduction in the Conversion Price) or the put options specified in Condition 7 or (v) to modify the provisions concerning the quorum required at any meeting of the Bondholders or the majority required to pass an Extraordinary Resolution, in which case the necessary quorum for passing an Extraordinary Resolution will be two or more persons holding or representing not less than 75 per cent., or at any adjourned such meeting not less than 25 per cent., in aggregate principal amount of the Bonds for the time being outstanding. An Extraordinary Resolution passed at any meeting of Bondholders will be binding on all Bondholders, whether or not they are present at the meeting. The Trust Deed provides that a written resolution signed by or on behalf of the holders of not less than 90 per cent. of the aggregate principal amount of Bonds outstanding and/or an Electronic Consent (as defined in the Trust Deed) shall be as valid and effective as a duly passed Extraordinary Resolution.

11.2 Modification and Waiver

The Trustee may (but shall not be obliged to) agree, without the consent of the Bondholders, to (i) any modification (except as mentioned in Condition 11.1 above and the Trust Deed) to, or the waiver or authorisation of any breach or proposed breach of, the Bonds, the Agency Agreement, the Deed of Guarantee or the Trust Deed which is not, in the opinion of the Trustee, materially prejudicial to the

interests of the Bondholders or (ii) any modification to the Bonds, the Agency Agreement, the Deed of Guarantee or the Trust Deed which, in the Trustee's opinion, is of a formal, minor or technical nature or to correct a manifest error or to comply with mandatory provisions of law. Any such modification, waiver or authorisation will be binding on the Bondholders and, unless the Trustee agrees otherwise, any such modification, waiver or authorisation will be notified by the Issuer or the Guarantor to the Bondholders as soon as practicable thereafter.

11.3 Interests of Bondholders

In connection with the exercise of its functions, rights, powers and discretions (including but not limited to those in relation to any proposed modification, authorisation or, waiver) the Trustee shall have regard to the interests of the Bondholders as a class and shall not have regard to the consequences of such exercise for individual Bondholders and the Trustee shall not be entitled to require on behalf of any Bondholder, nor shall any Bondholder be entitled to claim from the Issuer, the Guarantor or the Trustee, any indemnification or payment in respect of any tax consequences of any such exercise upon individual Bondholders except to the extent provided for in Condition 8 and/or any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.

12 REPLACEMENT OF CERTIFICATES

If any Certificate is mutilated, defaced, destroyed, stolen or lost, it may be replaced at the specified office of the Registrar or any Transfer Agent, subject to all applicable laws and stock exchange requirements, upon payment by the claimant of such costs as may be incurred in connection therewith and on such terms as to evidence and such indemnity and/or security as the Issuer and/or such Agent may require. Mutilated or defaced Certificates must be surrendered before replacements will be issued.

13 ENFORCEMENT

At any time when the Bonds become due and payable, the Trustee may, at its discretion and without further notice, take such steps and/or actions and/or institute such proceedings against the Issuer and/or the Guarantor as it may think fit to enforce the terms of the Trust Deed, the Agency Agreement, the Deed of Guarantee and the Bonds, but it need not take any such steps and/or actions and/or institute any such proceedings unless (i) it shall have been so directed by an Extraordinary Resolution or shall have been so requested in writing by the holders of not less than 25 per cent. in principal amount of the Bonds then outstanding and (ii) it shall have been indemnified and/or secured and/or pre-funded to its satisfaction. No Bondholder may proceed directly against the Issuer and/or the Guarantor unless the Trustee, having become bound so to proceed, fails to do so within a reasonable period and such failure is continuing.

14 INDEMNIFICATION OF THE TRUSTEE

The Trust Deed contains provisions for the indemnification, security and pre-funding of the Trustee and for its relief from responsibility including without limitation from taking proceedings to enforce payment unless indemnified and/or secured and/or prefunded of its satisfaction. The Trustee is entitled to enter into business transactions with the Issuer, the Guarantor and any entity related (directly or indirectly) to the Issuer and/or the Guarantor and/or any entity related (directly or indirectly) to the Issuer and/or the Guarantor without accounting for any profit.

EXCHANGE RATE

PRC

The PBOC sets and publishes on a daily basis a base exchange rate with reference primarily to the supply and demand of Renminbi against a basket of currencies in the market during the prior day. The PBOC also takes into account other factors, such as the general conditions existing in the international foreign exchange markets. On July 21, 2005, the PRC government introduced a managed floating exchange rate system to allow the value of the Renminbi to fluctuate within a regulated band based on market supply and demand and by reference to a basket of currencies. On the same day, the value of the Renminbi appreciated by 2.0 per cent. against the U.S. dollar. The PRC government has since made and in the future may make further adjustments to the exchange rate system. On May 18, 2007, the PBOC enlarged, effective on May 21, 2007, the floating band for the trading prices in the inter-bank spot exchange market of Renminbi against the U.S. dollar from 0.3 per cent. to 0.5 per cent. around the central parity rate. This allows the Renminbi to fluctuate against the U.S. dollar by up to 0.5 per cent. above or below the central parity rate published by the PBOC. The floating band was further widened to 1.0 per cent. on April 16, 2012. These changes in currency policy resulted in the Renminbi appreciating against the U.S. dollar by approximately 26.9 per cent. from July 21, 2005 to December 31, 2013. The PBOC authorized the China Foreign Exchange Trading Centre, effective since January 4, 2006, to announce the central parity exchange rate of certain foreign currencies against the Renminbi on each business day. This rate is set as the central parity for the trading against the Renminbi in the inter-bank foreign exchange spot market and the over-the-counter exchange rate for the following business day. On March 14, 2014, the PBOC further widened the floating band against the U.S. dollar to 2.0 per cent. On August 11, 2015, the PBOC announced to improve the central parity quotations of Renminbi against the U.S. dollar by authorizing market-makers to provide central parity quotations to the China Foreign Exchange Trading Centre daily before the opening of the interbank foreign exchange market with reference to the interbank foreign exchange market closing rate of the previous day, the supply and demand for foreign exchange as well as changes in major international currency exchange rates. Following the announcement by the PBOC on August 11, 2015, Renminbi depreciated significantly against the U.S. dollar. In January and February 2016, Renminbi experienced further fluctuation in value against the U.S. dollar. The PRC government may adopt further reforms of its exchange rate system in the future.

The following table sets forth the noon buying rates for U.S. dollars in New York City for cable transfers payable in Renminbi as certified by the Federal Reserve Bank of New York for customs purposes for and as at the periods indicated as set forth in the H.10 statistical release of the Federal Reserve Board:

HONG KONG

The HK dollar is freely convertible into the U.S. dollar. Since 1983, the HK dollar has been linked to the U.S. dollar at the rate of HK\$7.80 to U.S.\$1.00. The Basic Law of the Hong Kong Special Administrative Region of the People's Republic of China (the "**Basic Law**"), which came into effect on July 1, 1997, provides that no foreign exchange control policies shall be applied in Hong Kong.

The market exchange rate of the HK dollar against the U.S. dollar continues to be determined by the forces of supply and demand in the foreign exchange market. However, against the background of the fixed rate system which applies to the issuance and withdrawal of Hong Kong currency in circulation, the market exchange rate has not deviated significantly from the level of HK\$7.80 to U.S.\$1.00. The Hong Kong government has indicated its intention to maintain the link at that rate. Under the Basic Law, the HK dollar will continue to circulate and remain freely convertible. The Hong Kong government has also stated that it has no intention of imposing exchange controls in Hong Kong and that the HK dollar will remain freely convertible into other currencies, including the U.S. dollar. However, the Guarantor cannot assure you that the Hong Kong government will maintain the link at HK\$7.80 to U.S.\$1.00, or at all.

The following table sets forth, for the periods indicated, certain information concerning the exchange rates between Hong Kong dollars and U.S. dollars. The exchange rates reflect the noon buying rates as set forth in the H.10 statistical release of the Federal Reserve Board:

DIVIDENDS

The Board may declare dividends in the future after taking into account the results of operations, financial condition, cash requirements and availability of the Group and other factors as it may deem relevant at such time. The Guarantor may distribute dividends by way of cash, shares or a combination of cash and shares. Pursuant to the Articles of Association, except for special circumstances, when the Guarantor makes profits in the current year and the accumulated undistributed profit is positive, the Guarantor shall give priority to the distribution of cash dividends. The cumulative amount of the cash dividend distributed in the latest three years shall be at least 30% of the average annual distributable profits realized in the same period, and the amount of the cash dividend distributed in a year generally shall be at least 10% of the annual distributable profit realized in the same year. Any declaration and payment as well as the amount of dividends will be subject to the constitutional documents and the Laws of the PRC. Any proposed distribution of dividends shall be determined by the Board and must be approved by the shareholders, or approved by the Board under the authorization by shareholders. In addition, the Guarantor may declare interim dividends as the Board considers to be justified by the profit of the Group and overall financial requirements. No dividend shall be declared or payable except out of the profit and reserves of the Guarantor lawfully available for distribution. Any future declarations of dividends may or may not reflect the historical declarations of dividends of the Guarantor and will be at the discretion of the Board and subject to the approval or authorization of shareholders' meeting.

Future dividend payments will also depend upon the availability of dividends received from the subsidiaries of the Guarantor. The Laws of the PRC require that dividends be paid only out of distributable profits, which refer to after-tax profits calculated according to the PRC GAAP, which differ in many aspects from generally accepted accounting principles in other jurisdictions, including IFRS. In addition, as stipulated by the Articles of Association, distributable profits are recognized as net profit determined under the PRC GAAP or IFRS, whichever is lower, less any recovery of accumulated losses and appropriation to statutory and other reserves that the Guarantor is required to make. As a result, the Guarantor and the PRC operating subsidiaries may not be able to pay a dividend in a given year if the Guarantor or the PRC operating subsidiaries do not have distributable profits as determined under PRC GAAP even if they have profits as determined under IFRS. Distributions from the subsidiaries of the Guarantor may also be restricted if they incur debt or losses, or in accordance with any restrictive covenants in bank credit facilities or other agreements that the Guarantor or its subsidiaries may enter into in the future.

On June 12, 2024, 2023 profit distribution plan (“**2023 Profit Distribution Plan**”) of the Guarantor was approved at the 2023 annual general meeting of the Guarantor. Pursuant to the 2023 Profit Distribution Plan, a final dividend of RMB9.8974 per 10 shares (inclusive of tax) based on the record date for determining the shareholders' entitlement to 2023 Profit Distribution Plan was declared to both holders of A Shares and H Shares. The aggregated dividends amounted to RMB2,882,050,829.90.

TAXATION

The following summary of certain PRC and Hong Kong tax consequences of the purchase, ownership and disposition of the Bonds is based upon applicable laws, regulations, rulings and decisions in effect as at the date of this Offering Circular, all of which are subject to change (possibly with retroactive effect). This summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own or dispose of the Bonds and does not purport to deal with consequences applicable to all categories of investors, some of which may be subject to special rules. Neither these statements nor any other statements in this Offering Circular are to be regarded as advice on the tax position of any holder of the Bonds or any person acquiring, selling or otherwise dealing in the Bonds or on any tax implications arising from the acquisition, sale or other dealings in respect of the Bonds.

Persons considering the purchase of the Bonds should consult their own tax advisors concerning the tax consequences of the purchase, ownership and disposition of the Bonds.

PRC

The following summary of certain PRC tax consequences of the purchase, ownership and disposition of Bonds is based upon applicable laws, rules and regulations in effect as of the date of this Offering Circular, all of which are subject to change (possibly with retroactive effect). This discussion does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own or dispose of the Bonds and does not purport to deal with consequences applicable to all categories of investors, some of which may be subject to special rules. Persons considering the purchase of Bonds should consult their own tax advisors concerning the tax consequences of the purchase, ownership and disposition of Bonds, including such possible consequences under the laws of their country of citizenship, residence or domicile.

Income Tax

Pursuant to the EIT Law effective on January 1, 2008 and amended on December 29, 2018 and the Individual Income Tax Law of the PRC amended on August 31, 2018 and effective on January 1, 2019 (the “**IIT Law**”) and their implementation rules respectively, an income tax is imposed on the interests by way of withholding in respect of the bonds, and is paid by the Issuer (if such interests are regarded as income derived from sources within the PRC under the EIT Law or the IIT Law, as the case may be) to non-resident bondholders, including non-resident enterprises and non-resident individuals. The current rates of such income tax are 20% (for non-resident individuals) and 10% (for non-resident enterprises) of the gross amount of the interests, unless there is an applicable tax treaty or arrangement that reduces or exempts such income tax.

Under the EIT Law and its implementation rules, any gains realized on the transfer of the bonds by holders who are deemed under the EIT Law as non-resident enterprises may be subject to PRC enterprise income tax if such gains are regarded as incomes derived from sources within the PRC. Under the EIT Law, a “non-resident enterprise” means an enterprise which is established under the laws of a jurisdiction other than the PRC, whose actual administrative organization is not in the PRC, and which has established offices or premises in the PRC or has not established any offices or premises in the PRC but has obtained incomes derived from sources within the PRC. In addition, there is uncertainty as to whether gains realized on the transfer of the bonds by individual holders who are not

PRC citizens or residents will be subject to PRC individual income tax under the IIT Law and its implementation rules. If such gains are subject to PRC income tax, the 10% enterprise income tax rate and 20% individual income tax rate will apply respectively unless there is an applicable tax treaty or arrangement that reduces or exempts such income tax.

If the Issuer is not able to make payments under the Bonds, the Guarantor fulfils the payment obligations of the Guarantee and the PRC tax authority views such payment as an interest income arising within the territory of the PRC, the Guarantor might need to withhold PRC income tax on payments with respect to the Bonds to non-PRC resident enterprises bondholders at the rate of 10% and to non-PRC resident individuals bondholders at a rate of 20%, unless there is an applicable tax treaty or arrangement that reduces or exempts such income tax.

Value-add Tax

According to the Circular of Full Implementation of Replacing Business Tax with Value-Added Tax Reform (Caishui [2016] No. 36) (關於全面推行營業稅改徵增值稅試點的通知) (“**Circular 36**”), the entities and individuals providing services within the PRC shall be subject to VAT. The services are treated as being provided within China where either the service provider or the service recipient is located in China. The services subject to VAT include the provision of financial services such as the provision of loans. It is further clarified under Circular 36 that the “loans” refer to the activity of lending capital for another’s use and receiving the interest income thereon. It is not clear from the interpretation of Circular 36 whether the provision of loans to the Issuer could be considered as services provided within the PRC which could be regarded as the provision of financial services subject to VAT. Furthermore, there is no assurance that the Issuer will not be treated as resident enterprises under the EIT Law. PRC tax authorities could take the view that the Bondholders are providing loans within the PRC because the Issuer is treated as PRC tax residents. In which case, the issuance of the Bonds could be regarded as the provision of financial services within the PRC that is subject to VAT.

Stamp duty

No PRC stamp duty will be chargeable upon the issue or transfer of the Bonds (as long as the register of holders of the Bonds is maintained outside the PRC and the issuance and the sale of the Bonds is made outside of the PRC).

HONG KONG

Withholding Tax

No withholding tax is payable in Hong Kong in respect of payments of principal or interest (if any) on the Bonds or in respect of any capital gains arising from the sale of the Bonds.

Profits Tax

Hong Kong profits tax is chargeable on every person carrying on a trade, profession or business in Hong Kong in respect of profits arising in or derived from Hong Kong from such trade, profession or business (excluding profits arising from the sale of capital assets).

Interest (if any) on the Bonds may be deemed to be profits arising in or derived from Hong Kong from a trade, profession or business carried on in Hong Kong in the following circumstances:

- (i) interest (if any) on the Bonds is derived from Hong Kong and is received by or accrues to a corporation carrying on a trade, profession or business in Hong Kong;
- (ii) interest (if any) on the Bonds is derived from Hong Kong and is received by or accrues to a person, other than a corporation, carrying on a trade, profession or business in Hong Kong and is in respect of the funds of that trade, profession or business;
- (iii) interest (if any) on the Bonds is received by or accrues to a financial institution (as defined in the Inland Revenue Ordinance (Cap. 112) of Hong Kong (the “**IRO**”)) and arises through or from the carrying on by the financial institution of its business in Hong Kong; or
- (iv) interest (if any) on the Bonds is received by or accrues to a corporation, other than a financial institution, and arises through or from the carrying on in Hong Kong by the corporation of its intra-group financing business (within the meaning of section 16(3) of the IRO).

Sums received by or accrued to a financial institution by way of gains or profits arising through or from the carrying on by the financial institution of its business in Hong Kong from the sale, disposal or redemption of Bonds will be subject to Hong Kong profits tax. Sums received by or accrued to a corporation, other than a financial institution, by way of gains or profits arising through or from the carrying on in Hong Kong by the corporation of its intra-group financing business (within the meaning of section 16(3) of the IRO) from the sale, disposal or other redemption of Bonds will be subject to Hong Kong profits tax.

Sums derived from the sale, disposal or redemption of Bonds will be subject to Hong Kong profits tax where received by or accrued to a person, other than a financial institution, who carries on a trade, profession or business in Hong Kong and the sum has a Hong Kong source unless otherwise exempted. The source of such sums will generally be determined by having regard to the manner in which the Bonds are acquired and disposed of.

In addition, with effect from 1 January 2024, pursuant to various foreign-sourced income exemption legislation in Hong Kong (the “**FSIE Amendments**”), certain specified foreign-sourced income (including interest, dividend, disposal gain or intellectual property income, in each case, arising in or derived from a territory outside Hong Kong) accrued to an MNE entity (as defined in the FSIE Amendments) carrying on a trade, profession or business in Hong Kong is regarded as arising in or derived from Hong Kong and subject to Hong Kong profits tax when it is received in Hong Kong. The FSIE Amendments also provide for relief against double taxation in respect of certain foreign-sourced income and transitional matters.

In certain circumstances, Hong Kong profits tax exemptions (such as concessionary tax rates) may be available. Investors are advised to consult their own tax advisors to ascertain the applicability of any exemptions to their individual position.

Stamp Duty

No Hong Kong stamp duty will be chargeable upon the issue or transfer of a Bond.

SUBSCRIPTION AND SALE

The Issuer and the Guarantor have entered into a subscription agreement with Citigroup Global Markets Limited as the Lead Manager dated October 7, 2024 (the “**Subscription Agreement**”) pursuant to which, and subject to certain conditions contained in the Subscription Agreement, the Issuer has agreed to sell to the Lead Manager, and the Lead Manager has agreed to subscribe and pay for the aggregate principal amount of the Bonds.

The Subscription Agreement provides that the Issuer and the Guarantor will jointly and severally indemnify the Lead Manager and its affiliates against certain liabilities in connection with the offer and sale of the Bonds. The Subscription Agreement provides that the obligations of the Lead Manager are subject to certain conditions precedent and entitles the Lead Manager to terminate it in certain circumstances prior to payment being made to the Issuer.

The Lead Manager or its affiliates may purchase the Bonds or the H Shares for their own account and enter into transactions, including, without limitation, credit derivatives, including asset swaps, repackaging and credit default swaps relating to the Bonds or the H Shares at the same time as the offer and sale of the Bonds or in secondary market transactions. Such transactions would be carried out as bilateral trades with selected counterparties and separately from any existing sale or resale of the Bonds or the H Shares to which this Offering Circular relates (notwithstanding that such selected counterparties may also be purchaser of the Bonds). The Lead Manager or its affiliates has engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with the Issuer, the Guarantor or their respective subsidiaries or affiliates from time to time. The Lead Manager may receive customary fees and commissions for these transactions. The Lead Manager or certain of its affiliates may purchase Bonds or the H Shares and be allocated Bonds or the H Shares for asset management and/or proprietary purposes but not with a view to distribution. In addition to the transactions noted above, the Lead Manager and its affiliates may, from time to time, engage in other transactions with, and perform services for, the Issuer, the Guarantor or their respective subsidiaries or affiliates in the ordinary course of their business. In addition, the Lead Manager and certain its subsidiaries and affiliates may hold shares or other securities in the Issuer or the Guarantor as beneficial owners, on behalf of clients or in the capacity of investment advisers.

Furthermore, it is possible that a significant proportion of the Bonds may be initially allocated to, and subsequently held by, a limited number of investors. If this is the case, the trading price and liquidity of trading in the Bonds may be constrained. The Issuer, the Guarantor and the Lead Manager are under no obligation to disclose the extent of the distribution of the Bonds amongst individual investors, otherwise than in accordance with any applicable legal or regulatory requirements.

Each of the Issuer and the Guarantor has agreed in the Subscription Agreement that neither the Issuer, the Guarantor nor any person acting on their behalf will (a) issue, offer, sell, pledge, encumber, contract to sell or otherwise dispose of or grant options, issue warrants or offer rights entitling persons to subscribe or purchase any interest in any shares of the Guarantor or securities of the same class as the Bonds or the shares of the Guarantor or any securities convertible into, exchangeable for or which carry rights to subscribe or purchase the Bonds, the shares of the Guarantor or securities of the same class as the Bonds, the shares of the Guarantor or other instruments representing interests in the Bonds, the shares of the Guarantor or other securities of the same class as them, (b) enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of the ownership of the shares of the Guarantor, (c) enter into any transaction with the same economic effect as, or which

is designed to, or which may reasonably be expected to result in, or agree to do, any of the foregoing, whether any such transaction of the kind described in (a), (b) or (c) is to be settled by delivery of shares of the Guarantor or other securities, in cash or otherwise or (d) announce or otherwise make public an intention to do any of the foregoing, in any such case without the prior written consent of the Lead Manager between the date hereof and the date which is 90 days after the Issue Date (both dates inclusive); except for (i) the Bonds and the New Shares issued on conversion of the Bonds, or (ii) any shares of the Guarantor or other securities (including rights or options) which are issued, offered, exercised, allotted, appropriated, modified or granted to, or for the benefit of employees (including directors) of the Guarantor or any of its subsidiaries pursuant to any employee share scheme or plan. In addition, Dr. Ge Li, Mr. Xiaozhong Liu and Mr. Zhaohui Zhang have undertaken that none of them or any person acting on behalf of any of them (be it through any acting-in-concert agreement or any voting proxy arrangement) will (a) offer, sell, pledge, encumber, contract to sell or otherwise dispose of or grant options, issue warrants or offer rights entitling persons to subscribe or purchase any interest in any Relevant Shares (as defined in the Subscription Agreement) or securities of the same class as the Bonds or the Relevant Shares or any securities convertible into, exchangeable for or which carry rights to subscribe or purchase the Bonds, the Relevant Shares or securities of the same class as the Bonds, the Relevant Shares or other instruments representing interests in the Bonds, the Relevant Shares or other securities of the same class as them; (b) enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of the ownership of the Relevant Shares; or (c) enter into any transaction with the same economic effect as, or which is designed to, or which may reasonably be expected to result in, or agree to do, any of the foregoing, whether any such transaction of the kind described in (a), (b) or (c) is to be settled by delivery of Relevant Shares or other securities, in cash or otherwise or (d) announce or otherwise make public an intention to do any of the foregoing, in any such case without the prior written consent of the Lead Manager between the date of the Subscription Agreement and the date which is 90 days after the closing date (both dates inclusive).

Notice to capital market intermediaries and prospective investors pursuant to paragraph 21 of the Hong Kong SFC Code of Conduct — Important Notice to CMI (including private banks): This notice to CMI (including private banks) is a summary of certain obligations the SFC Code imposes on CMI. The CMI may also be acting as OC for this offering and are subject to additional requirements under the SFC Code.

Prospective investors who are the directors, employees or major shareholders of the Issuer, the Guarantor, a CMI or its group companies would be considered under the SFC Code as having an Association with the Issuer, the Guarantor, the CMI or the relevant group company. CMI should specifically disclose whether its investor clients have any Association when submitting orders for the Bonds. In addition, private banks should take all reasonable steps to identify whether their investor clients may have any Associations with the Issuer, the Guarantor or any CMI (including its group companies) and inform the Lead Manager accordingly.

CMI is informed that the marketing and investor targeting strategy for this offering includes institutional investors, sovereign wealth funds, pension funds, hedge funds, family offices and high net worth individuals, in each case, subject to the selling restrictions set out elsewhere in this Offering Circular.

CMI should ensure that orders placed are bona fide, are not inflated and do not constitute duplicated orders. CMI should enquire with its investor clients regarding any orders which appear unusual or irregular. CMI should disclose the identities of all investors when submitting orders for the

Bonds (except for omnibus orders where underlying investor information may need to be provided to the OC when submitting orders). Failure to provide underlying investor information for omnibus orders, where required to do so, may result in that order being rejected. CMI should not place “X-orders” into the order book.

CMI should segregate and clearly identify its own proprietary orders (and those of its group companies, including private banks as the case may be) in the order book and book messages.

CMI (including private banks) should not offer any rebates to prospective investors or pass on any rebates provided by the Issuer, the Guarantor. In addition, CMI (including private banks) should not enter into arrangements which may result in prospective investors paying different prices for the Bonds.

The SFC Code requires that a CMI disclose complete and accurate information in a timely manner on the status of the order book and other relevant information it receives to targeted investors for them to make an informed decision. In order to do this, the Lead Manager in control of the order book should consider disclosing order book updates to the CMI.

When placing an order for the Bonds, private banks should disclose, at the same time, if such order is placed other than on a “principal” basis (whereby it is deploying its own balance sheet for onward selling to investors). Private banks who do not provide such disclosure are hereby deemed to be placing their order on such a “principal” basis. Otherwise, such order may be considered to be an omnibus order pursuant to the SFC Code.

In relation to omnibus orders, when submitting such orders, CMI (including private banks) that is subject to the SFC Code should disclose underlying investor information in respect of each order constituting the relevant omnibus order (failure to provide such information may result in that order being rejected). Underlying investor information in relation to omnibus orders should consist of:

- The name of each underlying investor;
- A unique identification number for each investor;
- Whether an underlying investor has any “Associations” (as used in the SFC Code);
- Whether any underlying investor order is a “Proprietary Order” (as used in the SFC Code);
- Whether any underlying investor order is a duplicate order.

Underlying investor information in relation to omnibus order should be sent to ECM.Omnibus@citi.com.

To the extent information being disclosed by CMI and investors is personal and/or confidential in nature, CMI (including private banks) agree and warrant: (A) to take appropriate steps to safeguard the transmission of such information to the OC; and (B) that they have obtained the necessary consents from the underlying investors to disclose such information to the OC. By submitting an order and providing such information to the OC, each CMI (including private banks) further warrants that it and the underlying investors have understood and consented to the collection, disclosure, use and transfer of such information by the OC and/or any other third parties as may be required by the SFC Code,

including to the Issuer, the Guarantor, relevant regulators and/or any other third parties as may be required by the SFC Code, for the purpose of complying with the SFC Code, during the bookbuilding process for this offering. CMI that receive such underlying investor information are reminded that such information should be used only for submitting orders in this offering. The Lead Manager may be asked to demonstrate compliance with their obligations under the SFC Code, and may request other CMI (including private banks) to provide evidence showing compliance with the obligations above (in particular, that the necessary consents have been obtained). In such event, other CMI (including private banks) are required to provide the Lead Manager with such evidence within the timeline requested.
